Coolidge Puts Thousand Callers at Ease When Their Leader Keeps Him Waiting

By JAMES O'DONNELL BENNETT
(EXCLUSIVE DISPATCH)
WASHINGTON, April 10.—The President smiled. He smiled a smile which, when it reached its perihelion, was, as the saying is, really sunny. He smiled because of the presence of a woman who had come from the White House to see him.

MAKES ROLE OF MARTYR

Johnson Says He Won't Quit

Declares Nothing Has Arisen to Make Him Stop Fight for Nomination

Intimates Those Who Voted for Coolidge Are Yellow and Cowardly

(EXCLUSIVE DISPATCH)
WASHINGTON, April 10.—Hiram Johnson says he will stay in the Presidential fight to the finish.

Notwithstanding that he has been absent all the time, he takes all the credit for the exposure of public office and says that he has accompanied much and that nothing has arisen to make him stop the losing fight for the nomination that is already won by Calvin Coolidge. In making his statement Hiram Johnson took all the precautions to have his remarks printed in full. At the top of the first page he had printed in capital letters the following:

"This statement is delivered upon the express understanding that it will be published in whole and exactly as written or not published at all."

"NOT QUITTING"

This is the statement: "I am not quitting in what I am attempting to do politically. I began this contest from within the Republican party to rid it of a corrupt and reactionary control, and since I commenced, the necessity for such an effort has been demonstrated. The revelation of those who should speak for the people, the apologies for wrongdoing, the defense of spokesmen of the administration and the exposure of the administration have been more than enough to show that I am not quitting."

GOVERNOR AGAINST SESSION

Resists Appeals for Call in Stock Epidemic on Grounds Legislature Has No Authority to Act Now

(EXCLUSIVE DISPATCH)
SACRAMENTO, April 10.—An organized movement to bring about a special session of the Legislature in an effort to halt the spread of the foot-and-mouth disease is being resisted by Gov. Richardson. Telegrams poured in to the Governor all day today from individuals and organizations desirous of having him act and late in the afternoon a delegation from the San Francisco Chamber of Commerce conferred with him.

He told the San Francisco delegation that there is no need of a special session and the capital believes he will repeat that statement today when delegations from Los Angeles, San Francisco and the San Joaquin Valley gather at the Sacramento Hotel here to urge upon him the necessity of early legislative action.

"We succeeded in raising \$1,000,000 for indemnities and whatever money is necessary for control will be taken out of the emergency fund," the Governor said after the San Francisco delegation had withdrawn from his office.

Attorneys representing both the Governor and the San Francisco delegation conferred on the legality of appropriations which might be made by the Legislature to bring the foot-and-mouth disease under control and to pay indemnities.

POWER IS DOUBTED

Gov. Richardson does not believe the Legislature is empowered under the constitution to appropriate funds for indemnities at a special session, but thinks the expense incurred while the fight on the epidemic rages can be taken care of the regular session next year.

Opinion among the members of the San Francisco delegation was divided. R. B. Hale and Samuel H. Green, secretary of the California Dairymen's Association, agreed with the Governor that nothing can be gained by calling the Legislature together, while Colbert Coldwell and F. Colburn, secretary of the San Francisco Bankers' Association, urged the Governor to act immediately.

The delegation presented a resolution in which it pledged its members to assist in raising the \$500,000 fund promised by the bankers of the State. The Governor declared afterward that bankers and commercial interests would advance sufficient money to take care of all indemnities growing out of the killing of live stock by the disease first appeared in Alameda county. Thirty-five thousand head of cattle, hogs and sheep have been killed and 10,000 head have been quarantined.

The Governor made it clear to his conferees that he did not want to convene the Legislature if a call could be avoided, but he kept an open mind on the subject until both sides of the question have been thoroughly threshed out.

BANKERS ASK AID
G. P. Hecke, State director of agriculture, a month ago counseled the Governor against calling a special session, but said today that he was prepared to accept the judgment of the majority.

The bankers of the State have contributed only \$300,000 of the \$500,000 pledged by them six weeks ago and indemnities are not being paid as rapidly as stock men and farmers would like. The bankers, alarmed by the spread of the epidemic, want the State and other commercial interests to come forward to help them bear the burden of the foot-and-mouth disease under control and to pay indemnities.

IRRIGATION SURVEYED

Reform Urged in Reclamation

Experts' Report Says Loss of \$27,391,146 Must be Charged Off

Chief Recommendation for Repayment on Basis of Crop Earnings

(BY A. P. NIGHT WIRE)
WASHINGTON, April 10.—A comprehensive overhauling of the government's reclamation program, involving the charging off as a total loss of \$27,391,146 of the \$143,000,000 invested and providing measures of relief to thousands of farmers and protection of further Federal expenditures on irrigation of the arid wastes of the West, is urged in a unanimous report submitted to Secretary Work today by the special advisory committee on reclamation.

The committee of experts, now disbanded, has been making a study of the reclamation problem for six months and its report was presented with the recommendation that it be used as a basis for prompt remedial legislation. Members of Congress from many Western States have made many vigorous pleas during the sitting of the committee for aid to the project settlers and it is probable that President Coolidge, to whom the report was submitted tonight, will have some recommendation to make to Congress in the near future.

Declaring conditions are serious on many of the twenty-eight projects located in fifteen Western States with three already having failed, the committee stated that of the \$143,000,000 already spent on irrigation works, \$115,561,146 will never be recovered with a probable loss of an additional \$20,000,000, a whole representing losses in construction to supply water for lands found to be of little or no return value.

BASED ON CROPS
The principal recommendation of the committee, which Dr. Elwood Mead of California, recently named Commissioner of the Reclamation Bureau to carry out the new policies to be approved by Congress, was a memorandum for repayment of construction costs based on the actual crop production of the farm lands rather than the present system of a fixed percentage of the construction cost per acre, which was held to be "inelastic and unsatisfactory."

"After the first few years," the report said respecting the present method, "an annual repayment charge of 6 per cent of the acre cost is made for all projects, yet the acre cost and crop-producing power vary greatly among the projects. It is idle to assume that lands of equal fertility can bear widely different annual construction payments, or that all lands—good, indifferent or poor—under a single project can be made to produce the same annual crop production."

The plan of repayment was based on the assumption that the time for the repayment of the cost of construction is a sound basis for determining annual payments.

OPPOSE PRESENT PLAN
As a remedy the committee advocated abolition of the twenty-year installment plan in operation and the substitution of a system whereby repayments shall be based upon the productive power of the lands irrigated within any fixed period when the total investment shall be returned. The productive power would be determined from the average gross annual crop production for the preceding ten years or all years of record and the yearly repayments fixed at 5 per cent of this figure.

A further step designed to bring permanent relief was proposed by the committee in recommending a detailed survey of all projects for the purpose of classifying lands into zones according to their agricultural value. Lands found incapable of supporting a family and repaying construction cost would be exempt from the repayment requirements as also would farms in the course of development until their productivity warranted the assessments.

TO EXTEND CREDITS
To assume initial financial success of the operation of the projects by water users' organizations a credit of a year's operation and maintenance charge would be extended to be covered in the construction account and repaid later as part of the construction repayments. Accumulated profits from power plant operations, leasing of grazing and farm lands and sale of townships would be credited to the construction cost when the water users take over their management.

A credit fund under competent management.

RAIDS NET BAD-MONEY SUSPECTS

Presses, Plates and Counterfeit Notes Are Seized in East

(BY A. P. NIGHT WIRE)
NEW YORK, April 10.—Simultaneous raids in New York, Bayport, L. I., and New Britain, Conn., by United States secret service men under Joseph A. Palma, operative in charge, resulted tonight in the capture of an entire gang of alleged counterfeiters, eleven men and two women, and the seizure of \$50,000 in spurious \$20 Federal reserve notes.

The arrests were made, the agents said, just as the band was about to circulate the counterfeit money. In addition to the notes seized, Federal agents also took a complete counterfeiting outfit, consisting of presses, plates and casting apparatus.

MILLIONS SPENT
The State and Federal governments have spent \$1,200,000 in fighting the epidemic since the disease first appeared in Alameda county. Thirty-five thousand head of cattle, hogs and sheep have been killed and 10,000 head have been quarantined.

The Governor made it clear to his conferees that he did not want to convene the Legislature if a call could be avoided, but he kept an open mind on the subject until both sides of the question have been thoroughly threshed out.

Albanian Note Decrys Murder of Americans

(BY A. P. NIGHT WIRE)
WASHINGTON, April 10.—The indignation over the murder of George Delong and Robert Louis Colman by Albanian bandits was expressed today in a cablegram from the Foreign Office made public by C. A. Chakraverti, former Albanian commissioner here. The Foreign Minister said three of the slayers had been killed and the others were being pursued.

The news of this heinous crime, which is without precedent in Albanian annals, filled all the people of Albania with the most profound horror and indignation, the message said.

STINNES DEATH LEAVES ALL EUROPE WONDERING

Anxiety Over Demise of Germany's Industrial Giant Extends to All Corners of Continent

(BY CABLE-EXCLUSIVE DISPATCH)
BERLIN, April 10.—Hugo Stinnes, Germany's industrial and financial overlord, who in the crash of the nation's financial system gained eminence among the earth's colossally rich men, now needs only a shroud. The service of the greatest physicians and surgeons of Germany could not stay death's hands. He died tonight.

The immediate cause of death was double pneumonia, with other complications, which followed a series of surgical operations for the removal of gall stones, the last of which was performed Saturday. It was then thought he would soon be able to leave the hospital, but the sudden development of pneumonia baffled all medical effort. Up to today Stinnes's great will power remained unimpaired and he expressed confidence that he would recover.

Wilbur Outlines His Policy

Asserts He Will Personally Pass on All Contracts in Oil Reserves

Awaits Outcome of Teapot Litigation as Guide for Department

(EXCLUSIVE DISPATCH)
WASHINGTON, April 10.—Secretary of the Navy Wilbur in a clean-cut statement as to the future policy of the Navy with regard to oil reserves declared that he would assume full personal responsibility. He declared his views with his well-known clarity and forcefulness in a letter to Senator Hale of Maine.

Mr. Wilbur declared that "no leases or contracts will be made" by the Navy Department without the personal approval of the Secretary of the Navy.

Referring to the Teapot Dome litigation now pending, Secretary Wilbur said he would avoid "in every way any act or proceeding which will in any way involve the rights of the government in such litigation and will avoid any conduct which may in any way interfere with the contentions advanced by the attorneys of the government."

RULES FOR FUTURE
"No further leases will be made until expressly authorized by Congress," he continued, "unless it appears to my satisfaction that such leases are absolutely essential to prevent the draining of oil in the reserves by wells drilled adjacent thereto, and unless if further leases are made only after competitive bidding."

The question as to whether or not the oil reserves should be managed by the Navy Department or the Department of the Interior or the Department of the Interior and the Navy Department should co-operate in the future management of the reserves," the letter said "is involved in the pending litigation, and the Secretary of the Navy and the Secretary of the Interior should co-operate in the future management of the reserves."

WASHINGTON, April 10.—Lines for the major contest on the revenue bill in the Senate were definitely drawn today by announcement of Democrats of the income-tax plan they will propose as a substitute for the Mellon rates placed in the measure by Finance Committee Republicans. The bill as framed by the Finance Committee was introduced in the Senate by Chairman Smoot, who said he expected to call it up for consideration next week.

Senator Robinson, Arkansas, Democratic leader, joined Chairman Smoot in the suggestion that the bill be taken up by next Wednesday.

The Democratic income-tax schedule, introduced by Senator Simmons, North Carolina, ranking Democrat on the Finance Committee, is a radical departure from the plan of Representative Garner, Democrat, Texas, which was supported by House Democrats and approaches very closely the Longworth compromise rates adopted by the House.

MAXIMUM 40 PER CENT
It provides for a maximum surtax rate of 40 per cent applicable on incomes of more than \$500,000. The House maximum rate was 27 1/2 per cent on incomes over

\$200,000. The rate on \$200,000 in the Simmons proposal is 38 per cent. The maximum rate in the Garner plan was 44 per cent on all incomes over \$20,000. The committee bill would make the maximum surtax rate 25 per cent on all incomes over \$100,000.

Representative Longworth of Ohio, the Republican leader, predicted today that "although there is no great difference" in the income rates adopted by the House and those proposed by Senate Democrats, the House would stand firm for its rates in conference, even if the Senate adopted the Democratic plan.

Representative Garner, on the other hand, predicted that House Democrats who with one exception

Poincare Fires
Valet Buyer of
American Coins
LONDON, April 10.—A story is being told in London about M. Poincare's insatiable appetite for American coins. According to a story, the Premier's valet came to him with the franc and asked him to buy a coin. M. Poincare demanded to know who had given it to him, and when he had been suggested that it was a French coin, he refused to take it. The valet then told him that it was an American coin, and M. Poincare immediately bought it. This story, if true, would be a further indication of the Premier's interest in American coins.

Belgium's Debt
Funding Agreed
to in Meeting
LONDON, April 10.—The funding of Belgium's foreign debt, especially that portion coming from the United States, was virtually decided upon today in a session of the committee on the subject. The committee, which is composed of representatives of the British and American governments, has agreed to a plan for the funding of the debt. The plan provides for the issue of new bonds to meet the debt, and for the payment of interest on the bonds. The committee also agreed to a plan for the redemption of the bonds.

DELAY MAY KILL EXPERTS' PLAN RECLAMATION REPORT MADE

American Delegates Point Out Need for Action
Say Conditions May Change if Adoption is Held Up

German Backfire Against it Feared if Time Permits

BY HENRY WALES
(BY CABLE-REUTERS DISPATCH)
PARIS, April 10.—Unless there is immediate action accepting and putting the experts' plan for the settlement of the reparations problem into effect, it is doomed to failure in the opinion of the American delegates on the commission.

The recommendations of the commission are based on the day conditions in Germany which cannot remain unchanged as time passes and if there is an appreciable delay, the basis on which the proposals were made will become obsolete and the plan available only as a basis for discussion, some of the members of the commission declared.

This was the warning expressed unofficially today following the announcement that no action probably will be taken on the Deans and McKenna reports until after the German and French elections May 4 and May 11, respectively.

The experts fear that the adoption is decided upon forthwith by the German Nationalists will use the plan for a powerful campaign of propaganda for the elections, asserting that Germany has already solved her own domestic problems and decries the commission's plan to pay reparations which can be avoided.

If the referendum can be held stabilized until the elections, it is contended everywhere that the Nationalists are certain of victory on the basis of this argument. Even the collapse of the referendum may strengthen the Nationalist claims, permitting them to ask how Germany without solid finances can expect to continue paying reparations.

The American and English members of the experts' committee believe that if the reparations commission accepts the plan immediately in behalf of the Allies and submits it to Germany, calling for an answer from Germany accepting or rejecting the plan within the first period of working, the German government will declare its readiness to accept immediately pointing out to the people the impossibility of rejecting the Allies' demands.

CONFESSES MISUSE OF CITY FUNDS
Fresno Official Tells Court Money Repaid, Had No Fraud Intent

(BY A. P. NIGHT WIRE)
FRESNO, April 10.—Misuse of city funds in the purchase of supplies for officials and others, was admitted today by Charles F. Dillon, former city treasurer, in a plea of guilty to a charge of misappropriation.

That he had no intent to defraud the city and that every cent was paid back, was the declaration of the former official.

Dillon denied that he at any time appropriated city bonds and further that he took no part in, and had no knowledge of the duplicate redemption of city bonds.

Upon motion of Dist. Atty. Lovejoy, several counts in the indictment which contains thirty-three charges were dismissed. He said he would offer no evidence regarding these charges.

Six other counts were dismissed upon motion of the defense and with the consent of the District Attorney, when Dillon pleaded once in jeopardy through a former conviction.

When dismissal of all charges against Dillon regarding the misuse of funds through buying articles for other persons was asked by the defense, the court held that the examination of the State makes it a felony to use municipal funds for purposes other than prescribed by law. He also held that the law is very harsh in this regard.

CRUISERS IN WORLD TRIP REACH SITKA
Flyers Encounter Some Rough Weather But Land Easily at Old Capital

(BY A. P. NIGHT WIRE)
SITKA (Alaska), April 10.—Four of the latest type air cruisers of the United States Army, on a circumnavigation of the earth, reached tonight in this city, the capital of Alaska when the United States bought the northern territory from Russia sixty years ago.

The machines, under command of Maj. Frederick L. Martin, left Prince Rupert, B. C., 300 miles to the southeast, at 9:22 this morning and arrived here at 12:45 this afternoon. The flying time was four hours and twenty-three minutes, there being a clock difference of one hour between Prince Rupert and Sitka.

The flyers reported their journey, which lay above the Inside Passage, of mariners, sheltered from the Pacific Ocean by the Alexander Archipelago, was rough until sixty miles from Sitka. They pronounced the weather here perfect for landing.

ANXIETY OVER STINNES DEATH

(Continued from First Page)
wandering about among his own coal mines.

His external appearance was devoid of pose, and he seemed heavy and solid. His massive head was set upon a stocky trunk. His black hair was cropped close, his face was pale and expansive; his nose was decidedly hooked, and his eyes heavily underlined, and his beard as black as coal.

German newspapers became popular over night by calling him the "Asiatic King."

Novelty and toys were passion with Stinnes. He was captivated in the street by the sight of a peddler's pack, and if he discovered a new kind of fountain pen or safety razor among the man's wares, his excitement was almost boundless.

MAN OF FEW WORDS
Stinnes, like most men of action, was a person of few words except when talking to his friends on social affairs, and then he was verbose to a degree that tried the patience of his auditors. His egotism was no less pronounced than his juvenility and his love of toys.

He delighted in producing a huge bank roll, inviting inspection of its size, then restoring it to his pocket with the proud revelation: "All mine." When he passed a newspaper office he would remark that it was all his. When he walked into a big hotel he would proclaim that it all belonged to him. He was not in the least arrogant about it. There were no more modest associates, when Hugo Stinnes even seemed sorry to be so rich. But as a rule he endured the fact with fortitude.

His glib character, Stinnes displayed fearfully only when the large German press was against him. He had one clinching argument. He would take doubters to one of his hotels and treat them royally.

PROOF OF THE PUDDING
"Eat what you like," he would say. "The place is all mine." The magazine himself took no delight in food, but he was a music, never read books, saw nothing interesting in nature, and was indifferent to the theater, although he numbered several of them among his possessions.

"My business," he would say, "entirely occupies my mind, that there is no room for anything else."

He owned his first evening suit in 1917, and was persuaded to purchase it by Albert Ballin, creator of the Hamburg-American Line. Before that he always appeared at dinners and banquets in what he termed his work clothes. He was seldom asked to speak in public, for he invariably drifted into the crowd against his will, and he hated with all the fire of his complex nature.

His only heroes were men who started with nothing and amassed fortunes.

RAILED AT HIGH-BROWS
"Look at those high-brows," he would say. "What did they ever do for Germany? They lost the war for us, yet see the airs they give themselves. I could buy them all up and send them to the moon. This was a favorite extract from the heart of the Socialistic beliefs. Yet Stinnes himself did not start with nothing. He belonged to an eminent Jewish family long in commerce, and received substantial aid from his father after completing his studies in a technical school. He was born February 12, 1870, and from earliest boyhood was trained in the principles of commerce and trade.

When the World War broke over Europe, Stinnes was transacting some business in Gustine. He read Austria's ultimatum to Serbia, and instantly recognized it as war. He hurried to his Muehlheim home, spent four hours in the telephone cell of his private apartment, and when he emerged all his enterprises were on a war basis.

Politically, Stinnes was an idol of the German People's party, formerly the National Liberal party, which he was said to have financed after the revolution. During the interlarded discussions on the German indemnity at Spa in the summer of 1920, Stinnes' defiant stand as a National Liberal was blamed for the failure to come to immediate terms. It was at this conference, when he took for his arrogant attitude, that he electrified the assembly with the statement: "I have not come here for the purpose of being polite."

In the years that followed, however, he became more pacific, and the German people adopted a policy of work and production, which he declared was the only salvation for the war-torn nation.

The most human side of Stinnes seemed to be domestic. He would spend hours in the company of his children, fashioning new toys for them and mending old ones, or searching the stores of Muehlheim for novelties. When resting in Berlin Stinnes and his little girl would go in the afternoon to the zoo, and there the calculating magnate would temper his voice with a note of sadness and tell over and over again about the poor lion that had to be killed during the war because food was so scarce.

IGNORED LUXURY
The industrial prince of Germany cared nothing for luxury and had no personal extravagances. He owned several motor cars, but usually walked or rode in a trolley car. He was often seen running through the streets of Berlin like a schoolboy, but to one more than glanced at him, for all knew Stinnes and his eccentricities. If his presence were required at one of the mines, he might be seen strolling along the streets with a group of blackened miners, or else clinging to a strap in a street car surrounded by his workers, who treated him as one of their number.

His apartments were modest, although he owned the hotel in which he lived. His country place outside Berlin was a simple cottage with a little garden. He bought no pictures or statues, for they were worthless, so he thought.

BARGE TO BE ADDED TO VENICE FEATURES
By a "Times" Staff Correspondent
VENICE, April 10.—According to present plans the newest addition to the amusement zone here will be the barge which will be anchored off of the local amusement pier.

The new barge will contain rest rooms, grill, dancing and fishing space. Ferries will make trips from the pier to the barge as soon as a schedule can be arranged.

GLENDALE STUDENTS IN ORATORY CONTEST
LOCAL CORRESPONDENCE
GLENDALE, April 10.—Six students of Glendale Union High School will compete tomorrow evening at the high school auditorium for the honor in the school and for a possible chance at national honors in the National Constitutional Oratory contest. The chosen to compete tomorrow evening are Don McMillan, Spencer, and Arden Gundry and Marjorie Prialux.

THE ANGELS BOUNCED THE SEATTLE ADAMS
THE THIRD TIME YESTERDAY

ANGELS WILL THIRD STRAIGHT, 8 TO 3

Women's State Golf Title to Be Decided on Brentwood Links This Morning

MISS KAVANAGH
DEFENDS CROWN

Meets Miss Mary Browne for
State Golf Title Today

Miss Martha Kinsey Bows to
Defending Champ, 5 and 3

Brentwood Match Promises
to be Close

BY CHARLES WEST

The last of the invaders was elim-
inated yesterday in the women's
State golf championship tourna-
ment at Brentwood when Miss
Martha Kinsey of Cincinnati suc-
cumbed to the beautiful game of
Miss Doreen Kavanagh of the Los
Angeles Country Club, 5 and 3.

The title now lies between Miss
Kavanagh and Miss Mary Browne
who defeated Miss Kathleen Wright
1 and 1 in the other semifinal
match. The championship will be
decided this morning in an eighteen
hole match. Miss Kavanagh being
a slight favorite by reason of the
steady golf she has been playing
throughout the tournament.

Should Miss Kavanagh do the
expected today she will win the
championship of California for the
fourth consecutive season. She
never deserved the honor more
than she does this year, for she
has survived competition with tal-
ented players in every match. In
the first round she eliminated Miss
Rosamund Sherwood of Philadel-
phia, triumphed over Miss Flo-
rence Halloran of Salt Lake Wed-
nesday, and finished up by repelling
the last eastern player left, Miss
Kinsey, with almost like golf.

Miss Browne, on the other hand,
had things comparatively easy in
her first two matches, although
Miss Kathleen Wright of the Pae-
dena Golf Club made her worry
yesterday. The little Brentwood
star holds two victories over the
defending champion, one obtained
several years ago at Midwick in
the finals of the Southern Cali-
fornia championships, and the
other at Pebble Beach this winter.

Needless to say Miss Kavanagh
will have blood in her eyes today,
and with the golf Miss Browne has
been playing this week a sensa-
tional match can be expected.

Miss Wright, who has been under
the tutelage of Professional Mel
Smith recently, gave Miss Browne
a lot to think about before she
accepted defeat. She won the first
hole, Miss Browne squared the
match on the second, she won the
fourth, and matters were even
again when she laid herself a
stymie on the sixth. Neither play-
er had any advantage at the turn,
and they traded the tenth and
eleventh. Miss Wright showed her
versatility by taking these puts
on the tenth, and then putting
around a half stymie for a win
on the next green.

On the last fourteenth Miss
Wright lost a ball and the hole
by the margin of one stroke. A
Miss Browne on the fifteenth put her 2 up,

Willie Hoppe
Still Retains
Billiard Title

NEW YORK, April 10.—
Willie Hoppe retained his title
of world's 18.3 ball line bil-
liard champion tonight despite
the fact that he was de-
feated in the final block of his
1500-point match with Edou-
ard Hocmans of Belgium. The
score was 518 to 500 in thir-
teen innings, but Hoppe's
enormous lead gained last
night gave him the match
1500 to 958.

Ty Cobb pulled a bone in a re-
cent exhibition game between the
Tigers and Toronto teams at Green-
ville (S. C.). The peerless cap-
tain slider stole third base and ar-
riving there found Bobby Jones
occupying the sack awaiting an
opportunity to score. Ty enjoyed
the "raising" he received.

Sailor Liston of Los Angeles
won the main event at the C.P.O.
bouts last night at Los Angeles
Harbor knocking out Sid Marks
of Detroit in the second round
with rights and lefts to the jaw.
Liston had his man down four
times in the second round. In the
semi-wind-up, Jimmy Berry of
San Francisco and Larry Williams
of Los Angeles fought a farcical
bout to a draw. The fans booed
the big fellows all the way through.
In the special event Billy
Young of New York City won over
Young Leopold all the way. The
club was crackerjack at all
times. Eddie King of Los An-
geles won from Sailor Waltman of
Los Angeles Harbor. The sailor
was saved from a knockout in the
fourth round by the sound of the
gong as he was on the floor at the
time.

Vic Harding drew with Kid
Pavo of Los Angeles. Bud Curtis
of Los Angeles knocked out Chet
Summers in the second round. Cur-
tis fought dirty at times. Joe
Swain, substituting for Alec Jack-
son of Signal Hill, knocked out
Bill Sweeney in the fourth round.
A capacity house witnessed the bouts and everybody
went home pleased.

FIRPO TO SAIL FOR U.S. SOON

Bull of the Pampas
Changes His Mind and is
to Fight Dempsey

NEW YORK, April 10.—Louis
Angel Firpo, will not retire from
the ring. Instead the "Bull of the
Pampas" who is responsible for
numerous people now knowing that
Argentina is a country in South
America instead of a brand of
cigarettes as they thought before
Firpo came into the pugilistic
limelight, has changed his mind
and will start for the land of good
American dollars next month.
Firpo is to meet Jack Dempsey
again.

Such was the gist of an an-
nouncement made by A. Meyer, lo-
cal correspondent for various South
American publications, and who
was interpreter for Firpo for some
time.

Firpo's one-round victory over
Al Reich recently was the thing
that brought Luis back into fight-
ing mood and he now believes he
can clean up the world.

Harry Williams and Mike

the Pacific Coast and minor
leagues, are due to arrive in
Los Angeles today from Salt
Lake City where they attend-

season between Oakland and
the Mormons. Mr. Sexton is
the guest of the Coast loop on
an inspection trip of the re-

suburban climate for several
days.

championship tournament, which
will be held at the Los Angeles
Athletic Club the 21st inst., have
started strenuous practice on the
Mercury courts in order to get
ready to make a bid for the title.
Stern and Donnell play a brilliant
and consistent game of doubles and
are expected to play high, while
Dr. Stern should make a good bat-

CHANCE GETS A WELCOME

White Sox Rooters Organize to Greet the New
Manager at Chicago

CHICAGO, April 10.—A little advance "conquering hero" program
will be staged here tomorrow morning when Frank Chance, manager
of the Chicago White Sox, arrives in this city to take over the lead-
ership of the South Side club. The "Peerless Leader" is due to get
in from California at approximately 8:50 a.m., and his reception com-
mittee, according to indications, will crowd the spacious confines of the
Northwestern Depot, where his train is scheduled to dock.

The Woodland bards, famous
White Sox rooting organization, will
turn out in large numbers to
welcome their new leader—once
their most bitter rival. Then, too,
there will be many followers of
the old Chance regime with the
club present, anxious to renew
friendships with the man who led
the crack West Side machine led
those days on its record-breaking
career.

As soon as he is through with
the hand-shaking and the well
wishing, Chance will hustle out to
the Mercy Hospital, where his em-
ployer, President Committee of the
White Sox, is recuperating from a
recent operation. They will be
joined there by Secretary Grabner
and a consultation will be held at
which the future policies of the
White Sox ball team and some of
its players will probably be de-
cided.

Just when most people are
getting interested in baseball
Coach Voyle Brennan and a
number of Poly athletes start
spring practice. The Me-
chanics' field was the scene of
a number of huskies chasing
a football yesterday afternoon
with Brennan on hand look-
ing over the probable talent
for next year's Poly eleven.

The Mechanics will have a
number of veterans back this
fall and hope to put up a
strong bid for the city cham-
pionship.

Bill Tilden will have Sandy Wel-
ner, the Philadelphia schoolboy, as
his partner in doubles tennis play
this season.

Flintridge and Los Angeles in Tie for Lead

The tie between the Los An-
geles Country Club ten-man
golf team and the Flintridge
Country Club representatives
remained unchanged by yester-
day's match, in which the
Beverly golfers won from An-
dendale, three matches to two.
Flintridge went into a tie with
the Los Angeles team Wednes-
day by virtue of an emphatic
victory over Wilshire, and the
failure of Everett Seaver and
his cohorts to win by more
than one point yesterday left
the two teams still deadlocked.
A play-off will be necessary to
decide the championship of
Class A of the S.C.G.A.

Seaver and Palmer (L.A.)
defeated Hunter and Johnston
(A.) 2 and 1; Hurley and Fink-
bine (A.) defeated Campbell
and Speirs (L.A.) 5 and 4;
Ragale and Herberts (A.) de-
feated Tatum and LeBlonde
(L.A.) 1 up; Karnes and
Spinkie (L.A.) defeated Mod-
ette and Chaffee (A.) 2 and
1; Arnold and Browne (L.A.)
defeated Erdman and Ran-
some (A.) 1 up.

Wilshire's scheduled match
at Rancho yesterday was post-
poned.

The standings of the clubs
follow:

Club	W.	L.	Pct.
Los Angeles	2	0	1.000
Flintridge	2	0	1.000

BOXING TAKES HOLD
ON WAUKEGAN LADS

WATKEGAN (Ill.) April 10.—
Prize-fighting has taken a fast
hold upon the Waukegan schools.
The contests are witnessed by hun-
dreds of girl graduates and gray-
haired mothers and enthusiasm
has mounted to a high pitch.

The first of a series of school
prize-fights were held last night and
drew greater crowds than the
crack basketball contests or any
other school event.

Spain Loses
de Gomar From
Tennis Squad

NEW YORK, April 10.—
Spain will be without the
services of its second-best
player, Count de Gomar, in
the coming Davis cup
matches, according to word
received here today. The
count has just been through
a severe illness and has been
warned to remain out of ten-
nis competition all season.

His loss will be a hard
blow to the Davis cup chances
of Spain, for Edward
Plummer, who will take his
place in the team matches,
does not rate nearly so strong.

PIPAL PICKS RUNNERS

Names Oxy Athletes for Events at Big Relay Carnivals in Kansas and Pennsylvania

Coach Joe Pipal has been worrying himself to a shadow lately trying to decide what combinations will get the best results in the relay races at Lawrence, Kan., and Pennsylvania, where ten of the Tiger star track team will take part. All doubts were settled Wednesday night, however, when the squad was given a thorough workout and Coach Pipal believes that now he can announce with some certainty which combinations will be used.

At Lawrence, Kan., April 19, the Tigers will enter Morey, Montgomery, Ellsworth and Carter in the four-man, two-mile relay. The university four-man 440-yard relay will contain an Occidental team composed of Buckman, Argue, Nash, Powers or Spangler. Coach Pipal may decide to enter the relay relay instead of the two mile. The half-mile and Carter the mile. Argue, Buckman and Nash will enter the open 100-yard dash, while Goodenough will pole vault.

On April 27, the Oxy squad will compete in the meet at Pennsylvania. Besides the open century dash in which Argue, Buckman and Nash will attempt to capture honors, Goodenough will take part in the pole vault. The Bengal plan to enter one event on Friday and two on Saturday. The sprint medley on Friday, for American championships, will contain Powers in a 440-yard run, Buckman and Spangler—a 220-yard sprint—and Carter a mile. The following day Buckman, Spangler, Ellsworth and Powers will enter the four-man mile relay, Class B. The same day the four-man half-mile relay will find Buckman, Spangler Powers and Argue competing.

OIL FIELD DEMON IS AFTER PAPKE

Jack Spar, popular lightweight of the oil fields and San Pedro, will make his debut in Compton tonight against Young Papke. They meet in the main event. Spar is a tough fighter, who has lost only four battles in his life. He has met some of the leading writers and lightweights on the Coast. Papke has been going great also. He won five out of six battles in fifteen days and the last bout was a draw with Joe Layman. Spar last fought Joe Layman last week at the harbor.

Frankie Monroe will tangle with Young Sam Langford in the semi-main event. Monroe has been having a hard time getting bouts at local clubs so thought he would try his luck at Frankie's club. Frankie beat Frankie McCann twice, Joe Leopold and stopped Maxie Green. He did all that in the last few months. Lee Chester will meet Paul De Haute in the special event. Other bouts: Johnny Hickey vs. Jimmy Duley, 140 pounds; Jimmy Gould vs. Sailor Evasco, 124 pounds; curtain-raiser bout.

COLLEGE BOXERS SWAP WALLOPS

The Grizzlies and Cardinals will battle for ring supremacy Saturday night, when the California State collegiate boxing championship will be decided by a series of bouts in this city. The branch has been winning every match this season and only the match with Stanford University stands between them and the championship. The locals are given the edge on the tilt Saturday because of a 5-to-2 match defeat administered to the strong California squad at Berkeley some time ago.

Teddy Fossil and Capt. Robert Fossy will be the mainstay of the Grizzly team and both are reputed good enough to lick any collegian in the State. Stanford has some crack sluggers, however, and the contest should not be either institution.

Kaite Rockne has signed a ten-year contract as football coach at Notre Dame. Cornell has a similar long-term contract with Gilmore Dole, while Hugo Besdek has about eight years more of his best for time to put in at Pennsylvania State College.

REDLANDS PREPS WALLOP RAH-RAHS
REDLANDS, April 10.—The Redlands High School baseball team is considerably chummy over having trimmed the University of Redlands in baseball yesterday afternoon by a score of 3 to 1. The game did not go a full nine innings, but was called at the end of the sixth. Coach Cushman did not present his regular variety line-up, but used McGilbra on the mound, and he was later relieved by Newcomer, both new heavyweights. Bridges and Yochum were in the receiving end. Brown did the hurling for the high school. The feature of the game was a home run by Thompson, this being his first year of baseball.

TWILIGHT LOOP IS ORGANIZED

Hollywood Creates Evening Baseball League

Eight Clubs Post Forfeits With Jack O'Brien

Prexy Carlton States Play Will Start May 1

BY JOE BUSH

Hollywood has formed a twilight baseball league, according to dope received from Floyd H. Carlton, manager of the Hollywood Merchants, who is president of the new loop, which will be known as the Hollywood Twilight League.

President Carlton announces that the following eight clubs, George T. Eastman, Lounsbury & Harris Lumber Co., Muller Bros., Kress Drug Co., Leaky studios, Hollywood studios, Security Bank and Kerchhoff & Cramer have posted their forfeits with Secretary Jack O'Brien, Hollywood movie director, and the season is to start May 1. The teams will play twice around and a suitable trophy will be awarded to the winner.

The only stipulation made in the forming of the new league is that the clubs are to use no professional players. Carlton announces that the league is out to develop semipro ball players.

One game will be played every evening except Saturday and Sunday, at 5 o'clock at the Allen Hancock Ball Park, the Hollywood Merchants new grounds. Two games will be played on Saturday, while the athletes will take a lay-off on Sundays.

Already the managers of the various clubs are sniping around signing up talent and all hope to line up strong outfits. Carlton says that he expects a hot race. Carlton, who is also known as "the sheik of Hollywood," also bursts out with the fact that a league for Hollywood motion-picture studios is being planned and will break forth in the near future.

TEE, FAIRWAY AND GREEN BY CHARLES "CHICK" EVANS

At the annual tournament of the National Freight Traffic Golf Association I observed a very interesting contrast between two men rather high up in railroad circles.

One of them came from the first tee with a brand new set of clubs fairly gleaming in their newness as they peeped from the top of his bag. Even the brass scales of the wooden clubs shone in their brightness. The lines of the bag were straight and unbroken and the handle had to adjust the buckles for his comfort. The golf suit that he wore was wonderful to behold upon his knickerbockers were of the latest design and his coat was far too good looking to be taken off. His cap, the latest Scottish tweed, had a large peak; his stockings were a bit looser for a matter of fact; his shoes were strongly made and noticeably new, and I am sure that if one had examined deeper he would have found just the same care extending to the skin. His clubs had probably cost him a good deal of money, and so had his bag, and I am sure that he used the most expensive balls. His meticulous care extended to his game; he took the greatest pains with his shots; he calculated his swing driver and made a slow and careful way about the links.

His partner went to the other extreme. He wore a makeshift one. There were no hotballs on his shoes. He played in trousers belonging to his street suit and his shirt which showed through a boy's sweater, had the collar buttons sticking to it, and he wore no cap. In his bag was one wooden club all out of proportion to the hole because by so doing he would have an advantage in adding up his score, nine clubs eleven being ninety-nine—one under 100.

To my way of thinking, neither of these men was right, one was overcareful of clothes and playing; the other not careful enough. The middle path is usually the right one, at least on it one cannot go so far astray. To be comfortable, one must be healthfully clothed; to play well, one must have good clubs and balls. It is well to have a good shower, and change before going home. Avoid being conspicuous whether for carelessness or carefulness; just remember that comfortable clothes have a good deal to do with a good golf shot.

2 new World's Records with Richfield

ATOMMY MILTON, A. A. A. Speedway star and an exclusive user of Richfield Gasoline, established two important new records Friday, April 4th, at Dry Lake (near Muroc), Kern County, California—the fastest time ever recorded for 122" and 183" motors!

Six trials were made in all—two with the 122" and four with the 183" motor—each trial under the direct supervision of Val Haresnape of the A. A. A. Contest Board in charge of the Pacific Coast; Fred Wagner, Starter, and timed by Joe Nikrent.

The one-mile straight-away on which the runs were made was staked and surveyed by a licensed surveyor and the speed of every lap was timed by the Warner Electrical Timing Device, the official timing device whose accuracy is accepted and used by the A.A.A. in their great speedway events.

Here is the actual speed and time recorded in each of Milton's six officially timed dashes on the one-mile straight-away:

Lap	Time	Speed

1	25.70	140.0778
2	25.50	141.1764
183 Cubic Inch Motor

THREE FIGHT SLOW POISON

Mother Acts After Quarrel
With Husband

Woman and Two Children
Facing Death

Outcome Will Not be Known
for Some Days

LEONARD (Mich.) April 10.—The lives of three persons, a mother and her two daughters, are in danger here as the result of a slow poison which the mother gave her children and which she swallowed. Mrs. Dues Strong, wife of the village carpenter, and her two children, Mary, 15 years of age, and Jeannette, 9, are under the care of a physician.

The poison was taken by the mother and administered to the children after a domestic quarrel. It does not act instantaneously, but leaves the victim in apparent good health with slight pains which may prove to be lingering death.

According to Dr. Samuel R. Robb, who was called by Mr. Strong when Jeannette ran to the barn where he was working, screaming, "Mother's given us poison," it is not known whether the lives of the three can be saved.

The case was reported to James E. Butler, sheriff of Oakland county, yesterday, and he stated he would visit the woman today and decide whether a criminal charge will be placed against her.

The children are Mrs. Strong's by a former marriage. Her husband had also been married before. After divorcing his first wife, a year ago, he hired his present wife as a housekeeper. Five months ago they were married. He also has two daughters, 12 and 10, by his first marriage.

This little town of Leonard, forty miles north of Detroit, the northernmost town in Oakland county, is excited today over the tragic event.

Mrs. Strong told Dr. Robb she "got discouraged with life" after a quarrel with her husband. She said she swallowed three poison tablets and gave two to Mary and one to Jeannette. As soon as the children swallowed the poison the mother told them what she had done and Jeannette ran screaming to her stepfather. He summoned Dr. Robb and advised him of the case, but the effect of the poison is such that it will be days before it is known whether the three can live.

Mr. Buchanan said that he had been made intensely irritated by Mr. Amery's seeming callousness about the suffering of the unemployed and he was sorry he had used the epithet dirty swine. Mr. Amery said he did not mean to be calous and he was sorry he had hit Mr. Buchanan.

The speaker wound up by warning the combatants that hereafter there would be a much more serious penalty for members who disturbed the decency of the House by unparliamentary language or conduct.

EXPENSE OF TEACHING
ONE PUPIL PROTESTED

(BY A. P. NIGHT WIRE)
SACRAMENTO, April 10.—John J. Daily, resident of Hawkins Bar, Trinity county, has written a letter to Gov. Richardson to protest against the expense his claims are being incurred to teach one pupil in the Hawkins Bar district school. He also registers objection to what he describes as the action of the district in importing a pupil in order to meet the minimum attendance requirements under the law. Daily admits having a family of several children of his own, but explains that his children are receiving instruction at home.

REVENUE FREIGHT ON
CARS SHOWS RECORD

(BY A. P. NIGHT WIRE)
WASHINGTON, April 10.—More railroad cars were loaded with revenue freight from January 1 to March 29, last, than in any corresponding period on record, according to reports filed today by the carriers with the revenue division of the American Railway Association. The total for the thirteen weeks was 11,587,274 cars, an increase of 270,534 cars, or 2.4 per cent over the corresponding period of 1923, marked the previous record for this season of the year.

IRRIGATION DIRECTOR QUILTS

VIRALIA, April 10.—Fred C. Howe has resigned as director from the third precinct of the Tulare irrigation district. The supervisors of Tulare county have named E. A. Henshaw, successor. Mr. Howe, who has moved out of the district.

MIDDLE WEST NEWS IN BRIEF

(EXCLUSIVE DISPATCH)

MINNEAPOLIS, April 10.—P. H. Lund and E. O. Nordstrom, officers of the Lund-Nordstrom Oil Producers Company and the E. O. Nordstrom Company, arrested in District Court on indictments charging sale of securities without a license, pleaded not guilty and said they would fight to prove the Minneapolis blue sky laws do not apply to sales carried on by the companies.

Trial was set for April 18. Dr. Lyndon P. Foster, 38 years of age, who had lived in Minneapolis since 1848, longer than any other person, and who was the oldest practicing physician in the city, died at his home yesterday. He continued in active practice until three weeks ago, when a heart attack brought on complications which caused his death.

W. A. Everett of Deer River was awarded \$28,275 by a jury in District Court at Grand Rapids, Minn., in his case against the government. The administrative, growing out of losses alleged to have been sustained in the forest fire of October 12, 1918. It is expected that the case will be appealed.

ST. PAUL, April 10.—Indian relics, including a stone hammer, stone axe and fragments of pottery, were found by Walter Bird of Detroit, Minn., while excavating for a new house there. The find was made near the shores of Detroit Lake, where, it is said, Indians formerly camped. The relics have been sent to the State Historical Society for examination and classification and will later be returned to the Becker County Historical Society.

According to information, the Interstate Transportation Company April 10, will inaugurate service from Sioux Falls to the Twin Cities by way of Pipestone, Marshall and Redwood Falls.

AKRON, April 10.—Dance halls, moving-picture shows, vaudeville houses and grocery stores will remain open Sundays, it was decided by the City Council. By a vote of six to five the Council tabled the petition of the Akron Ministerial Association, asking that such places be closed.

Ruben A. Davis, who served as Sheriff of Ashland county, died there after an illness of nine months. He also served two terms as Sheriff of Ashland county and filled other local offices.

DENVER, April 10.—The population of Colorado, on January 1, 1924 was 994,080, according to estimate just completed by the State Immigration Department. This is an increase of 54,431 since the Federal census was completed on January 1, 1920. The figures show that practically every large city in the State has increased at a greater rate during the last four years than for the decade ending with 1920. The low mark is passed in the agricultural districts and the population is now increasing there. Many of the farms that were temporarily abandoned in 1922 and 1923 will be occupied and cultivated this year.

David Mitchell, 78 years of age, pioneer, prominent attorney and high degree Mason, died at his home yesterday. He was born at St. Louis in 1845, came with his parents to the place now known as Denver in 1855.

Walter S. Kelso, widely known building contractor of Denver, died in the General Hospital of apoplexy, following a three days' illness. Mr. Kelso came to Denver twenty years ago and engaged in the contracting business.

MILWAUKEE, April 10.—The slough which cuts across the central section of Stevens Point is at flood stage, a section of Portage street is under two feet of water and basements of dwellings are inundated. Ice in the Wisconsin River, the slough's outlet, is breaking up all the way from Wausau to Wisconsin Rapids, and the stage of water in the stream is steadily rising.

Russell Bennett, Clerk of the town of Watertown, yesterday was arrested on a warrant charging him with embezzlement of township funds. He was released on \$2000 bail. The arrest followed an investigation of the township's affairs. Bennett's relatives, it was stated, had been making a claim for the amount he was alleged to have taken. The defalcations have been taken since 1921 and amounted to about \$4700, according to Dist. Atty. T. M. Peck.

Miss Harriet Wheeler, 66 years of age, Wisconsin novelist and short story writer, is dead at Beloit of pneumonia. "Cub's Career," "The Woman in Stone" and "A Knight of the Wilderness" were the chief books from her pen.

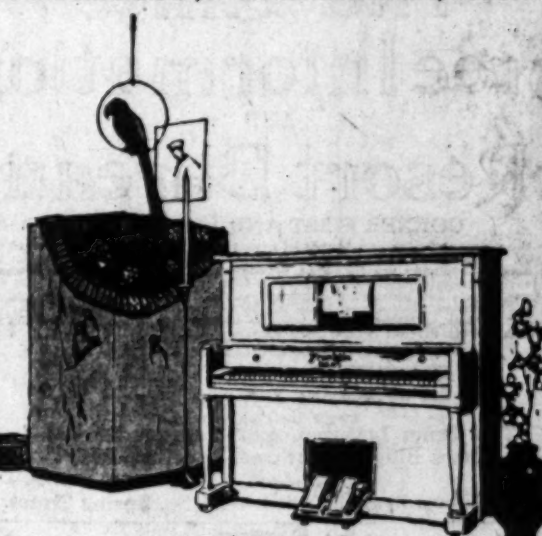

Frank Chase, 50 years of age, a farmer living near Ragwood, was trampled to death yesterday by a cattle on the farm of Amos Miller, a neighbor.

ST. LOUIS, April 10.—J. D. Schuster, attorney for Bescher Coleman, who was sentenced to life imprisonment, following his conviction last Friday on a charge of murdering Albert Ragsdale, Webster Grove contractor, will not appeal or ask for a new trial, according to his statement at Clayton. Schuster is convinced that Coleman is insane, and will in time demonstrate that fact to prison authorities.

Mrs. Pearl I. Baker was given \$5000 damages by a jury in Circuit Court for permanent injuries she declared she suffered while under the treatment of Dr. Irwin Dunhaupt, a dentist.

OMAHA, April 10.—J. Edwin Paack and the Rev. Clement Berry, representatives of the general board of education of the Presbyterian Church in New York City, have established headquarters in Omaha, preparatory to a campaign to make Omaha Presbyterian.

COOLIDGE LAUDS TRAINING CAMPS

Views Given in Letter to
Association

(BY A. P. NIGHT WIRE)
CHICAGO, April 10.—The citizens' military training camps are essentially schools of citizenship, President Coolidge says in a statement to the Citizens' Military Training Camps Association, made public here today by that organization. The statement follows:
"The White House,
Washington.

"The young men of America have always shown patriotic devotion to their country in time of stress. They have an opportunity today of preparation for service in time of peace. The government has established the citizens' military training camps, which are essentially schools of citizenship. They are conducted by the War Department, which alone has personnel sufficient to give the various types of training offered in them. They are administered by selected officers of the Regular Army, the National Guard and the Reserve Corps under a discipline well adapted to a plan of voluntary training.

"These camps are essential in the plan of national security. They promote obedience to law and respect for the institutions of a well ordered society. Young men are helped to physical health, mental vigor and moral excellence. Social understanding and democratic feeling are developed; love and reverence for the flag are the natural outcome of training. Courtesy in act, sympathy in feeling, tolerance in thought are the ideals."

"Recognizing the great good which comes to government and to people from the citizens' military training camps, I hope that each year an increasing number of young men may take advantage of the opportunity which is afforded them."

(EXCLUSIVE DISPATCH)
MEXICO CITY, April 10.—Gen. Gonzales Escobar, hero of the battles of Poloverde and Pánuco and chief exponent of the famous encircling movement plan by which the rebels of Guadalupe Victoria and those of the State of Vera Cruz were kept close in a circle of steel from which they never escaped, has been ordered North with 5000 men to work the same game on Hipolito Villa, brother of the famous Pancho Villa.

Villa and several other rebel generals were active in the States of Durango and Chihuahua lately, and Escobar is moving against them with what is believed to be an irresistible force, considering his caution, ability, swift action and organization. As a result of Escobar's slaughter of the troops of Guadalupe Sanchez in the State of Vera Cruz, the latter is reported officially as having embarked alone for Camacho to join the rebels operating in the south isthmus of Tehuantepec.

MESSAGE TO GARCIA
SENDS HIM TO PRISON

JUDGE ALSO FINES SAILOR
\$1000 FOR RAISING \$2
BILL TO \$20

BROOKLYN (N. Y.) April 10.—Federal Judge Campbell's message to Garcia was twelve years in Atlanta penitentiary and \$1000 fine. The message was delivered without difficulty, for Garcia, in a sweeping black mustache, stood immediately before Judge Campbell and heard the message from the judge's own lips.

Garcia in this instance was Jose Garcia, a sailor, whose last definite address was 71 South street, Manhattan. Garcia was convicted by a jury of having attempted to pass a \$1 bill which had been improved to such an extent that it slightly resembled a \$20 bill.

Garcia was arrested on May 2, 1912, and brought to the Federal Building. He managed to slip out of the building and disappeared for almost a year before he was located in Boston, where he was arrested and sentenced on another charge. He was brought back to Brooklyn when he was released a few months ago.

INDICTMENT AGAINST
ANGELENO DISMISSED

(EXCLUSIVE DISPATCH)
CINCINNATI, April 10.—Judge Hickenlooper, at the request of government prosecutors, nolle prossed an indictment returned last Thursday here against Herbert I. Ross of Los Angeles, now serving an eight months' sentence in Miami County (O.) Jail. Ross was implicated in the asserted plot to blackmail John L. Bushnell, Springfield, O., millionaire, after an alleged that Bushnell had made a white slave out of Ross Putnam, a California girl, while taking her to a Texas city as his guest. The Bushnell blackmail case was closed last week when Judge Hickenlooper sentenced the accused men to various prison sentences.

MAURETANIA FORCED
TO FRENCH SHIPYARD

(BY CABLE AND ASSOCIATED PRESS)
LONDON, April 10.—Announcement was made here today because of a shipbuilders' strike the Cunard liner Mauretania, which has been undergoing its annual repairs and refitting will be sent to France for completion this week. The ship will be towed to Cherbourg by three tugs and Southampton will lose several thousand men. The White Star liner Majestic left Southampton yesterday, and will be completely overhauled at the Boston shipyard.

Easter Clothes

for the young fellow in High School

ABOUT the time a young fellow gets into High School he begins to find that clothes make a very real difference. He is extremely particular about little things. He notices what the other well-dressed fellows are wearing. He wants the correct thing.

He'll find it at Silverwoods.

We have a big department that specializes in clothes for this particular age—good clothes, the best there are, Hart Schaffner & Marx and Silverwoods. These labels in a suit testify to its correctness in every detail. He will feel easy in these clothes any place.

Japanese Widow Left Nothing in Morgan Estate

NEW YORK, April 10.—Due to the fact that large claims had to be paid out of an estate that was smaller than was believed, Mrs. Taki Kato Morgan, Japanese widow of George D. Morgan, who was a cousin of the J. P. Morgan, will not benefit from his personal estate. Ernest A. Bigelow, executor of the estate, has filed his accounting in the Surrogate's Court, in which he said: "The estate is not sufficient to pay specific legacies. Therefore, there will be no residuary estate and decedent's widow will receive nothing as residuary legatee."

George D. Morgan, son of Rev. George H. Morgan, who was rector of the American Church of the Holy Trinity in Paris, married the daughter of a Japanese sword-maker and suffered virtual ostracism in American social circles.

Mr. Morgan and his Japanese bride were received by his father, but they never visited the United States after Mrs. Morgan was snubbed at Newport one summer.

VOTE ON BOND ISSUE
INTERESTS PASADENA

(LOCAL CORRESPONDENCE)
BOUT HYASADENA, April 10.—There will be no contest for officers to be filled at the city election here on the 14th inst. Trustees Philip Dodson and Walter A. Gillett, Nettie Hewitt, City Clerk and Edith M. Lowry are unopposed candidates for re-election. Interest in the election will center in the vote on the \$155,000 bond proposition to be submitted. It is proposed to issue \$45,000 in bonds for the extension of water mains and 6,000 for the extension of sewer mains. In 1913, when sewer bonds were voted no provision was made for certain territory then undeveloped. The recent rapid development of every section of the city makes necessary the immediate installation of approximately 40,000 feet of new sewer mains, according to City Manager R. V. Orban.

ALL PORTUGAL SILENT
(CABLE-EXCLUSIVE DISPATCH)
LISBON, April 10.—Two minutes of silence was observed throughout Portugal yesterday afternoon in commemoration of the Portuguese soldiers who fell in the battle of the Lys. At the monastery at Batalha, where Portugal's unknown soldier lies, the Minister of War lighted a silver lamp of remembrance, which will be kept burning perpetually in memory of Portugal's unknown heroes. Members of the government were present at this impressive ceremony.

COYOTE KILLING SHEEP
Farmers in Oregon in Hunt for
Bold Beast

BROWNSVILLE (Or.) April 10. A big coyote which takes the cake for boldness and voracity haunts the locality immediately north of this city and makes almost daily visits to sheep herds in that vicinity. Even in daylight this coyote attacks the lambs and carries them off.

As a result of his depredations the farmers have organized to kill the animal, but so far the hunters have been able to foil the hunters and hounds.

A \$10 reward has been posted by one sheep owner, and probably others will be offered if the coyote is not killed soon.

FREIGHT RATE CHANGE
HELP FOR CLARKDALE

(EXCLUSIVE DISPATCH)
CLARKDALE (Ark.) April 10.—Clarkdale has been placed by the Interstate Commerce Commission on the same incoming freight rate standing as Prescott and Phoenix by removal of a branch-line differential that has been charged over the Cedar Glade branch of the Santa Fe. On merchandise there will be a saving of \$117 a carload on some classifications. Most of the freight inward is coal, coke and mine supplies for the United Verde and United Verde Extension mines at Jerome and their smelting plants at Clarkdale and Clemenceau. Outbound freight largely is copper bullion, on which a cheaper rate is being sought to San Pedro for water shipment eastward.

GREAT PUBLIC PARK
IS AIM OF PHOENIX

(EXCLUSIVE DISPATCH)
PHOENIX, April 10.—Provision of a great public park for this city is believed to have been settled by the withdrawal by the Secretary of the Interior of a tract of about 14,000 acres in the Salt River mountains about five miles from the municipal limits. It is proposed to purchase this tract at \$125 an acre to construct an automobile road that will reach the summit of the range, and that will stretch for its full length of twelve miles, to build saddle trails, develop springs and establish a golf course. These plans are being developed by the City Planning Commission headed by W. G. Hartranft.

MASONS AID CHARITY
(BY CABLE-EXCLUSIVE DISPATCH)
LONDON, April 10.—At the annual meeting of East Lancashire Benevolent Institution it was reported that \$16,556 had been received as contribution from Freemasons during the year.

Oriental Ports

on fortnightly schedules—
a swift, dependable service

Every two weeks one of the magnificent President Ships of the Dollar Steamship Line leaves Los Angeles for the important Oriental ports.

Honolulu and the beauty and fun of Hawaii; Kobe, the great commercial center of Japan; Shanghai and Hong Kong, wonderful cities and gateways to Northern and Southern China; Manila, Singapore, Penang, Colombo, are ports of call.

At each port there is time for short sightseeing trips, or stopovers of two weeks, four weeks or longer may be arranged in advance.

And you reach the Orient in comfortable, commodious and luxurious accommodations such as you rarely find.

For the Dollar Line offers an unexcelled Trans-Pacific Service, because these are world ships. They continue on without change to Egypt, Italy, France and New York, thence through the Panama Canal to the Pacific Coast.

See the Far East. It's a glorious adventure. And see it in the comfort which you find aboard these ships.

The Dollar Steamship Line office or any local ticket or tourist agent will gladly provide full information.

Illinois Distance Men Look Like Winners

Sprinters Will Make Barber Shake a Leg

(EXCLUSIVE DISPATCH) UNIVERSITY OF CALIFORNIA, April 10.—National intercollegiate contests are few and far between at the University of California, and the track meet with the University of Illinois to be held on the California oval the 15th inst., is arousing much comment and speculation among the students and the general public. The outcome of this meet is not to be predicted. Comparative times and records afford very little basis for hope.

So far this season Coach Walter Christie's men have decisively defeated the University of Southern California and the Olympic Club. The remaining time before the meet is to be spent in a diligent practice period, wherein the Blue and Gold men will seek to better their condition and clip the times they have established.

Jim Barber, California's sprinter, will meet two men from Illinois, Dud Evans and Bob Ayres, who have been consistently equalling his best time. Evans has been negotiating the 100 yards in 9.4-9.8, while Barber has been doing 9.9-10.6. In the 220 both men have been doing 21.4-22. Shepherd and Farnsworth, Barber's running mates, are figured to place in at least one of the events, for both these men have been improving steadily, and giving Barber a hard time to break the tape in the lead. In the distances, Illinois looks formidable. In the 440 run Smuts is doing 1:04.5; Bruington, 1:12, and Carter 1:14.5. Hurst of California has been doing the quarter in 1:12. Geertz, Aggeler and Willis will also run for the Blue and Gold.

In the 880 Bruington of Illinois is doing 2m. 55.4-56.5; Hall, 2m.

DR. BRIX PICKED ON OLYMPIC TEAM

Dr. August Brix, who played center forward on the Southern California championship Los Angeles Athletic Club soccer team this year, has been selected as a member of the United States Olympic Games soccer team, according to word received here yesterday. Dr. Brix is the only Pacific Coast player selected by the Olympic Games soccer committee. Dr. Brix has been wired to be ready to leave Los Angeles the early part of May.

1-5s, and Graham 2m. 1a. Chase of California is doing the 880 in 1m. 59.6-10s. McMillan, DeBeaumont, Pierce, Sims and Gerny will run for the Bruins in the half-mile. Hall is the Illinois star in one mile, establishing a new indoor record this year of 4m. 23.6-10s. Ross Klits and Dunn are making around 4m. 38s. for California in this event.

Mieher of Illinois set a new conference record in the two-mile. The time was 9m. 41s. California's most likely men in this event are Jensen, Turner and Knowlton. Jensen is nearing the 10m. mark and should make it in the coming meet. The hurdles are scheduled to break either way. Becker of California is doing the low sticks in 14.4-10s and the high ones in 18.4-10s. Capt. Johnson of Illinois and Kensner and Rehm have been doing around the same time. The field events give the edge to California. Boren in the broad jump is now jumping 32 ft. 10 1/2 in. and should win the event. Sweeney and Wallace of Illinois have been doing 22 ft. 5 in.

The high jump should go to Wright of Illinois, who has been jumping 6 ft. 9 in. California will enter Witherspoon, Koble and Garrett for its points in this event. In the weight events Illinois will meet some mighty tough competition in the person of Capt. William Neufeld. He has been throwing the discus close to 140 ft., the shot over 47 ft. and the javelin 135 ft. Lang and Francis are also doing good work for the Bruins in the weights.

Doyle's Coliseum to be Scene of Elimination Bouts

Amateur Scrappers Galore in Training for Event

Two Nights of Boxing Slated in Big Tournament

"Never in the history of amateur boxing in Southern California," said Charley Keppen yesterday, "has a ring classic been pulled off here that offered the great array of talent and the possibilities of thrilling sport promised for the Olympic tryouts at Doyle's Coliseum on the evenings of May 7 and 8."

"Every amateur with a punch and an ounce of ambition has been training for weeks for this tournament in the hope of winning a place on the team that will be sent East to compete in the final Olympic tryouts at Boston later in the month. The result will be two nights of great entertainment for local sports fans."

Entries began pouring in early this week and it is predicted that fifty to seventy-five will be in the committee's hands by the time the list closes, on the 15th inst. Most of the early ones came from L.A.A.C. Several are expected from Arizona, which is included in the Southern Pacific jurisdiction.

In view of the fact that some of the winners may represent this section in the Olympic Games at Paris, the Vernon affair is regarded as a real civic enterprise that will attract tremendous crowds.

The entries to date are:

Rail Board May Extend Time of Enforcing Act

(BY A. P. NIGHT WIRE)
WASHINGTON, April 10.—Discussion before the House Merchant Marine Committee today developed that the Interstate Commerce Commission at a meeting next week would consider the advisability of extending the time of enforcing Section 25 of the Merchant Marine Act beyond May 20, the date now set. The section declares preferential railroad freight rates by shippers using American vessels.

Under questioning today Commissioner Thompson of the Shipping Board said the board had made no recommendation to the commission as to when the enforcement should take place and that the commission contemplated considering whether the date set might not be premature.

FILM STAR'S WHIM STIRS UP GOTHAM

Broadway is Puzzled Over Gloria Swanson's Canceled Trip Abroad

(EXCLUSIVE DISPATCH)
NEW YORK, April 10.—Ever prone to see a hidden meaning in the slightest whims of film stars, Broadway today scratched a puzzled head over the various movements of Gloria Swanson, who has canceled a trip to Europe, mobilized her legal forces and drawn in her listening posts.

Hastily summoned here by Gloria, Mrs. Frank Upton, who is Mrs. Swanson's personal secretary in Los Angeles, arrived in New York this morning and immediately rushed to the motion-picture star's magnificent apartment in East Fifty-second street, Mrs. Upton admitted that she had left the Coast on Saturday at an hour's notice. She evaded further admissions by saying that her sudden trip was prompted only by a sudden desire to see the latest Broadway shows.

Dudley Field Malone, Mrs. Swanson's attorney, has just returned to New York after a business trip to the Coast which occupied several weeks. Mr. Malone's secretary stated today that although the lawyer had not gone west solely in behalf of Miss Swanson he had handled several matters for her while there.

Miss Swanson and her secretary, Jane West, were to have left for Europe this Saturday but the trip was suddenly canceled. Miss West declined to state the reason for the cancellation.

"Manhandled," a new film, was completed by Miss Swanson at the Famous Players-Lasky studio last Tuesday. Efforts today to reach Miss Swanson personally proved unavailing.

SHERIFF IN SOUTH SURE OF BLANTON

Bases Belief on Word from Here; Will Oppose Habeas Proceedings

(EXCLUSIVE DISPATCH)
JESUP (Ga.), April 10.—Sheriff L. W. Rogers, who last night arrested a man suspected of being James Blanton, wanted in Los Angeles in connection with the robbery of the Provident Loan Association, said tonight that he will oppose the granting of a writ of habeas corpus when the prisoner takes his case into court here Saturday. The Sheriff says he is satisfied the man under arrest is Blanton and has formed the conclusion on information received today from Los Angeles.

The man, who uses the name of G. Castaldo, has engaged a lawyer and will make every effort to gain his freedom Saturday.

It is understood here that extradition papers are being prepared for the prisoner. A close guard is being kept over him lest outside friends try to effect a jail delivery.

SANTA MONICA MAY WIDEN UTAH AVENUE

By a "Times" Staff Correspondent
SANTA MONICA, April 10.—Utah avenue, one of the main thoroughfares in the city, will be widened four feet and the name changed to Broadway about the petition now being circulated meet with favor of property owners. The wider surface will be obtained by cutting two feet from each side of the street. In connection with the proposed project, residents are anxious to have the street extended to the easterly city limits. The thoroughfare now ends at Twentieth street.

HOLSUM

HOLSUM has a new Spring dress. It comes to you now in a clean white wrapper with a red check design.

Look for the name "HOLSUM" in the old familiar royal blue.

BUT—though its dress has changed, the quality of HOLSUM never changes. The loaf you get in the new wrapper is the same—the bread Southern California women have known for years as the loaf of surpassing goodness.

Don't say Bread—Say HOLSUM.

BELT LEADS TO CAPTURE OF ACCUSED

Man Who Said He Was From Los Angeles Gets Term in Prison

MINNEAPOLIS, April 10.—A man whose own attorney told the court he did not believe his client's story, offered in his defense, went to the State prison under sentence to serve from one to four years for bigamy, brought to justice because he bought a belt in a Minneapolis leather store a year ago.

The man was Chester R. Haywood, 39 years of age, of Weylor, Wis., who pleaded guilty before District Judge Dickinson to a bigamous marriage to Miss Ella Hargreaves, milliner, March 23, 1923. The marriage was annulled last month.

Haywood, who admitted he married Miss Hargreaves under the name of "John Corbin of Los Angeles," saying he was a wealthy landowner, was arrested in Wisconsin after a year's search by detectives.

Trace of him was found when Miss Hargreaves recollected that "John Corbin" had purchased a leather belt in a Minneapolis store to send to a farm he owned in Wisconsin. A check of stores disclosed only one such shipment—to the Haywood farm. There he was arrested.

WOMAN IN TRIANGLE RELEASED

Winona Dake, Freed from Jail Where She Was Held With Man in Case

(EXCLUSIVE DISPATCH)
SAN BERNARDINO, April 10. Winona Dake, love triangle figure, was released today from the County Jail here under \$1000 bail furnished by friends. She had been held in jail for the past six weeks with Roy B. Phillips, whose divorced wife charges that her husband is the father of Mrs. Dake's child of about the same age as her own. Shortly after her release Mrs. Dake left for Hollywood to visit her sister, who is seriously ill.

Mrs. Dake smiled wanly as she left the jail, pale and drawn from six weeks' life in the matron's department. The sister in Hollywood has been caring for Mrs. Dake's child. It was learned.

The \$1000 bond was furnished by Frank and Sam Roswell, who put up property in Glendale worth \$100,000.

Mrs. Dake must return to San Bernardino Monday, when she again appears for a hearing on her application for parole. With Phillips she pleaded guilty to immorality charges, an offense punishable by one year's imprisonment in the County Jail. A previous charge had been stricken out of court records because of a defective complaint.

Marriage After Short Romance Ends in Divorce

(EXCLUSIVE DISPATCH)
CINCINNATI, April 9.—Mrs. Elizabeth E. Nordman, 24 years of age, stopping at 845 Clinton street, sought a divorce here yesterday from Fred F. Nordman, 22, of Los Angeles, whom she married one week after meeting him in Los Angeles.

"He knew I was getting insurance from my first husband, a Los Angeles war hero who was killed in France," Mrs. Nordman said. "After I married him at Los Angeles I had to support him."

Judge Hoffman granted a decree when it was shown that Nordman had received the Los Angeles veteran's insurance.

FINDS KLAN MEETING PLACE

(EXCLUSIVE DISPATCH)
TUCSON (Ariz.), April 10.—The secret meeting place of the Ku Klux has been discovered by a reporter who was repulsed when he tried to enter a hillside glen on the Tanque Verde Road a few miles from the city. About thirty automobiles were parked within some of the license plates covered, while beyond was a group of hooded individuals, gathered around a fire. A number of Arizona business places, especially gasoline stations, now are bearing a mystic sign, "KIOY," said to initial, "Klanman, I greet you."

Looking Through The Lens At Bits Of Life.

"My Rheumatism is gone—"

There's glorious joy in knowing that more Red-Blood-Cells are building Blood-Cells.

There are thousands of men and women, just like myself, who suffer from rheumatism, muscle pain, and horrible stiffness.

S.S.S. thoroughly cures the blood. Rheumatic impurities are the wrong idea about rheumatism for 15 years. I didn't realize that blood-cells had the effect of completely knocking out my rheumatism from my system. That is why I began to S. S. S. Say what you never knew such startling results were possible. Well, folks, knocking out my rheumatism gave me back some of the things I used to have way back. I have better color in my face, my title is dandy. I don't need crutches any more. I'm around straight up on my legs! S. S. S. makes people about themselves the way it makes up their strength. By blood-cells it builds new blood for young folks who ought to have little. It stops plagues, blackheads, eczema, chaps, blood impurities. You can rely on it. Start S. S. S. today. Difference shortly. S. S. S. at all good drug stores. The S. S. S. is the more economical.

S.S.S. makes you feel young.

By a "Times" Staff Correspondent
LONG BEACH, April 10.—War between contending schools of medicine loomed in Long Beach today, following demands of osteopathic and chiropractic physicians that the board of directors of the new Community Hospital, now nearing completion, make good their fund-raising campaign promises that the institution be open to all schools of medicine.

It was said here today that the regular or allopathic physicians have declined to participate in the hospital management unless the hospital is standardized, which means that they will have nothing to do with the institution unless the rules of the American Medical Association for the government of hospitals are adopted. Unless so standardized the hospital cannot have a training school for nurses with authority to graduate students with the degree of B. N., nor can the services of internes be procured by the Community Hospital, it is asserted. Both of these factors are declared to be necessary to economical management.

A policy of liberalism was urged today by Councilman Condit, chairman of the hospital board, and one of the chief promoters of the hospital which was built partially by city money. "Personally, I feel liberally disposed toward the friends in both camps," Condit said. "I would like to please them all but I do not want to see the hospital go to ruin. Both of these factors are declared to be necessary to economical management."

POWER FIRM DROPS
PLEA FOR FRANCHISE

EL CENTRO, April 10.—The Southern Sierras Power Company has changed its mind about desiring a fifty-year exclusive franchise on the highways of Imperial county. A letter was read at a meeting of the Board of Supervisors this week from the power company asking that its former application for the franchise be withdrawn. No reason was given except that the company had decided that no action on the matter should be taken at this time. Considerable opposition to the blanket franchise was made by the Farm Bureau directors and the county grand jury, after a heated session, asked the supervisors last night not to award the franchise until more investigation could be made.

Jewelers' Convention Cites Increasing Demand in
California as Sign of Business Trend

SAN DIEGO, April 10.—One of many indications that Californians are prosperous is the continually increasing demand for diamonds and stones in the background, according to jewelers attending the fourteenth annual convention of the California Gold and Silverminers' Association here.

Furthermore, the old-fashioned girl who coyly waited until her chosen man slipped the ring on her finger, to get her first glimpse of the sparkling gem, is disappearing. Nowadays the young lady herself most often is on deck when the ring is selected.

BAKERSFIELD, April 10.—The vital part the Parent-Teachers' Association of Kern county plays in local community life was developed at the seventh district conference here today at the Trinity Methodist Church of East Bakersfield. Representatives from almost every district in the county were in attendance.

High lights of the day's procedure included the morning luncheon when several prominent speakers were heard, and the election and installation of officers. At the afternoon session Mrs. G. M. Bartlett, State historian of Pasadena and honor guest of the day, gave a talk, Mrs. J. W. Voorhies, retiring president, presided at the conference.

The morning session concluded with the singing of "America" and the flag salute, led by Mrs. Angie McSmith, City Federation patriotic leader. Both of these factors are declared to be necessary to economical management.

CHURCH IN TWO DAYS

SAN FERNANDO, April 10.—Between daylight and darkness tomorrow, members of the Christian Church and volunteer workers expect to build and roof the new church building at San Fernando. The foundation was finished today and the lumber delivered on the ground and everything is in readiness for the firing of the starter's gun as the sun peeps over the peaks. The women of the church are to be in charge of the work.

Angels, president of the association. Overthrow of the Russian dynasty and autonomy and the dumping of vast numbers of machine-made goods on the market by the impoverished royalty and nobility of the late Czarist regime caused the price to decline, he said.

Opening sessions of the convention this afternoon were attended by fewer delegates than had been expected. The smaller attendance was attributed to the quarantine regulations invoked against spread of hoof-and-mouth disease and the consequent handicaps imposed upon traffic to and from the convention.

Sessions will be continued to Morrow and Saturday.

San Bernardino

SAN BERNARDINO, April 10.—Organization of a Coolidge-for-President Club in this city has been perfected and arrangements completed for an active campaign here. President Coolidge's behalf, Frank T. Bates has been elected president of the organization; J. B. Hill, P. F. Garner, W. S. Rogers, M. O. C. Rogers, Mrs. Wilmet Smith and John Anderson, vice-presidents; Charles Fack, secretary, and A. G. Kendall, treasurer.

Police declare that the mystery surrounding the affair has been cleared only by Farwell, who refuses to discuss the incident. The shooting was fired from the scene but it cannot be determined whether Farwell fired the shot or whether some unknown person shot him as he stepped from the house while the guests in the home were grouped around a piano singing. Farwell admitted that his life had often been threatened in mysterious telephone calls he received.

Overproduction is Cause of
Present Embarrassment

BY GLENN GRISWOLD
(Specialist, Chicago, Public Ledger.)
CHICAGO, April 10.—Borrowing
from the Federal Reserve Bank
by urban member banks has almost
ceased in this district. The
201 State and national banks in
the city of Chicago owe the Federal
Reserve Bank of Chicago but
\$15,000,000 and of this \$11,000,000
is borrowed by a single institution
not only for the purpose of making
loans but also for the purpose of
bank and having no particular
bearing on the money market. The
bank in question has the deposit
accounts of many large corporations
which moved funds out of
Illinois on April 1 to escape taxation.
In fact, if it were not for this
taxation the borrowings of
Chicago banks would be entirely
negligible.

BOND QUOTATIONS

PRICES HESITATE
(BY A. P. NIGHT WIRE)
NEW YORK, April 10.—Bond
prices wavered in today's trad-
ing, with interest confined al-
most entirely to standard railroad
and local issues. The market
was quiet, with only a few
passage of the compromise trans-
it bill at Albany stimulated buy-
ing of the Interborough, B.M.T.
and Third Avenue Railroad issues
on the ground that the measure
would benefit the companies and
also arouse more interest in the
market for their securities.

NEW YORK CURE

Selling Pressure
(BY A. P. NIGHT WIRE)
NEW YORK, April 10.—Stock prices had ground
under the weight of heavy selling in today's
market, but the presence of substantial buy-
ing support from the market resulted in a
moderate recovery of the market.

best the rare and very
references to his small boy, known
to all the newspaper-reading
as "Eli."
His father tries out on his
ideas on education and looks
the usual parental distrust, as
strange to them, he brings
from school, either in the
of ideas or frogs and such
objects. I think school is the
kindergarten because the
of Santa Claus has recently
quoted. Not knowing what
be very mean and truthful
of the old Santa, he muddles
as per the usual parent of a
child. After his father's long
diffuse statement as to the

proposition and am convinced
they cannot replace the road
for a 5-cent fare." Among the
officials of Akron's rubber in-
dustry Mr. Freston was the
one that publicly looked upon
one's plan to rubberize Ameri-

measure.
The experiment of the Com-

Hills Bros Coffee grew up with the West

OKLAHOMA was still a territory, the Roosevelt Dam was not even a hazy dream, and Custer's famed Last Charge was but two years old when Hills Bros. Red Can Coffee was born, in 1878. So you see, Hills Bros. and the tradition of the West as the home of wonderful coffee grew up together.

To reassure yourself that this coffee tradition is in safe keeping, break the vacuum seal of a tin of "Red Can." Release that rare aroma! Then brew a cup and lift it to your lips. What flavor! Any wonder Red Can is The Recognized Standard?

With all its high quality, Hills Bros. Coffee is not high-priced. It is economical to buy—and economical to use. Hills Bros., San Francisco.

One of the interesting weddings of the week was that of Miss Jean Hedger, daughter of Mr. and Mrs. Samuel C. Hedger of Aberdeen, S. D., and Dr. E. A. Pittenger of Valley. Her niece, Miss Mary Alice Bartholomew, wearing a dainty frock of white organdie, with pink silk hat and carrying pink rose buds, was her only attendant. Mr. Hedger gave his daughter into the keeping of the bridegroom at the altar. After the ceremony a wedding breakfast was served at the home of the bride's brother-in-law and sister, Mr. and Mrs. Fred Bartholomew, 248 South Vendome Place. The house was transformed into a garden of spring flowers and the presence of relatives and a few intimate friends. The bride wore a simple but exquisite afternoon frock of artichoke green chiffon.

EXTENDED TRIP ABROAD PLANNED

Luncheon in Honor of Departing

[Photo by C. Elmore Grove]
Mrs. F. M. Aiken

A LUNCHEON, bridge and mah-jongg party was given yesterday afternoon by Mrs. Frank Furnival Peard at her home on Alhambra avenue in honor of Mrs.

F. M. Aiken of Plymouth Boulevard, who is leaving early next week for New York, from where she will sail for Europe on an extended trip abroad.

At her home, honoring Miss Winifred Jones, who is planning an extended tour abroad, leaving in the near future. The decorations and favors will carry out the motif of the coming trip and those included will be Miss Jones, Mrs. Herbert S. McGaffey, Mrs. Theron Young, Mrs. Cleveland Schmitt, Mrs. Harold O'Rourke, Mrs. Edward Bogardus, Mrs. Ormond Flood, Mrs. Douglas Longyear, Mrs. William K. Young, Mrs. Kiel Pulliam, Mrs. George Benjamin Hull, Mrs. Martha French, Miss Annette Wallace, Miss Mayre Benninger, Miss Gwendolyn Longyear and Miss Dixie MacConnell.

Home Agents
Mrs. Stephen Childs, who has passed the past month at the Hotel Clift in San Francisco, has returned to her home in West Adams street.

Bridge Luncheon
The Chinese room of the Mary Louise formed the setting for a delightful luncheon Monday with which Mrs. Mary Kingman entertained. A huge bowl of tulips formed the centerpiece and monogrammed cards marked covers for fourteen guests. Bridge was played afterward.

Engagement Announced
Announcement is made by Mr. and Mrs. W. L. Bryfoglia of 949 South Oxford avenue of the engagement of their daughter, Miss Lora Louise Bryfoglia, to William Watson La Force of this city. The wedding is set for the 30th inst. and will take place at the Church of the Angels. Miss Bryfoglia, who, with her parents, has come from Kansas City to make their home here, was graduated last June from Miss Bennett's School at Millbrook, N. Y. Mr. La Force also is from Kansas City, but is making his home here.

For Voyager
Miss Helen Worthington of Kingsley Drive is entertaining this afternoon with a bridge luncheon.

Spanish Eggs
Heat two tablespoons of olive oil in a large frying pan, add half a cup of finely chopped onion and stir and cook until the onion is a light brown color; add two cups of cooked or canned tomatoes, half a teaspoon of salt, one teaspoon of chili powder, one cup of French mushroom pieces and stems and four tablespoons of finely chopped ham; stir and cook three minutes. Have six unbeaten eggs in a solid bowl and when the sauce is ready

slide them into it, let cook until the eggs are set, lift out the eggs onto squares of buttered toast and pour the sauce over them.

NORMANDY SALAD
Cook four cups of small shelled green peas with one teaspoon sugar, one teaspoon of salt, half a teaspoon of paprika and enough water to cover until tender; drain and cool. Place the cold peas in a bowl and mix with one and a half cups of broken walnut meats and a half cup of French dressing; let stand thirty minutes, drain off all liquid, mound on lettuce covered plates and garnish with radish roses.

SULTANA ROLLS
Sift three cups of sifted flour with six level teaspoons of baking powder and one level teaspoon of salt into a bowl; chop four medium sized apples in a food mill and mix with one and a half cups of butter and when well mixed add one and a half cups of seedless raisins and work to a smooth dough with one cup of milk. Roll out on a floured board one inch thick, cut in two-inch squares, place one inch apart on a buttered baking pan, brush with melted butter and bake in a moderate oven twenty minutes.

PRUNE PUDDING
Beat to a cream one-third of a cup of butter and beat into it slowly one cup of sugar; beat until light and creamy, add the well-beaten yolks of two eggs and beat three minutes. Sift two cups of sifted flour with a few grains of salt and a level teaspoon of baking soda; add the flour to the butter mixture with two-thirds of a cup of prune juice and beat smooth; add one cup of seeded and chopped prunes and half a cup of chopped blanched almonds; mix well, fold in the stiffly beaten whites of two eggs, pour into a buttered and oiled square cake pan and bake in a moderate oven half an hour. Cut in squares and serve with orange custard sauce.

CARAMEL PIE
Place one-third of a cup of sugar in a frying pan, heat slowly and stir constantly with a wooden spoon until light brown; add four tablespoons of water and stir and boil three minutes. Mix two-thirds of a cup of sifted flour and a few grains of salt; place in a double boiler and stir in slowly two cups of milk and the caramel syrup; stir and cook until thick and smooth; add the beaten yolks of two eggs; cook one minute; remove from the fire, stir two minutes, add half a teaspoon of lemon extract and one teaspoon of vanilla extract; pour into a baked pie shell, cover with a meringue made with two egg whites and seven tablespoons of sifted sugar and brown in a slow oven.

SHRINERS' BAND

Drives Away BluesAuthor Recounts Writing of
"Sherman's March"

"Music, healer of ill spirits, and majestic on its shrine at KHJ, received the offerings of its worshippers last night. Bearing gifts which brought smiles of contentment, the Al Malakiah Shrine Band and the Al Malakiah Shrine Club Chanters paid their respects and were requested to carry their offerings to the subjects in Radio-land.

Beginning the festivities with an address by the Potentate of the Temple, Louis M. Cole, the club Chanters, under the direction of Mr. Kieselburg, picked up the message of Mr. Cole and continued it in song. The "Tannhauser March" was next offered by the Shrine club band under the direction of S. H. Perrine, during the rendition of which, the Chanters again joined. This difficult selection offered no obstacles to the organization.

The Chanters again displayed their versatility by singing the "Health of California" and the delightful composition of Nivins entitled, "The King and the Singer." The band followed with a Spanish dance, an "Mourning Maggie" was sent sliding along by a trombone solo. The Chanters again exhibiting their adaptability offered a catchy suggestion from O'Hara to "Give a Man a Horse He Can Ride," and in more tender mood, Nivins' "The Day is Over." "The Old Circus Band" was played with a gusto and vim that must have brought joy to the hearts of the youngsters and those who had not forgotten the circuses of their youth.

ENCORES REQUESTED
With the speed they always display on the ether track, the Studebaker Radio Orchestra, appearing through the courtesy of Glenn Thomas of Long Beach, went through their program with every cylinder hitting. His organization composed of C. K. Lindsay, director and violinist; Clint Campbell, trumpet; Tom Lindsay, baritone; Wallace Haglin, banjo; Bass Rudisell, pianist; Joe Lindstrom, drums; and Earl Livingston, saxophone, is well polished and does not squeak. It drives away melancholy and sweeps before it every care. Their appearance is usually the signal for a jingle of the telephone bells in the reception room, assuring messages of appreciation, accompanied by requests for additional selections.

Hatch Graham, whose African harp and cooling voices form an irresistible combination, repeated his former triumphs before the microphone. The infectious character of his performance took a large toll in Radio-land. Hatch Graham's songs and personality seem one unit.

Miss Nina Horner, pianist, artist-pupil and assistant teacher of Francis Kendig, carried her audience into a serene and beautiful mood with her rendition of the Allegro from Beethoven's Sonata Op. 14, No. 2, a composition noted for its wealth of harmony and clarity of outline. Her program also included the favorite "John Dance" of Deane and the sparkling Rondeau "Perpetual Motion" from a sonata of Von Weber. Miss Horner and Mr. Kendig are associated with the Hollywood Conservatory of Music and Arts.

COMPOSERS EVER TOLD
The popular acclaim which has followed matinee musicals given by Barker Brothers at KHJ, compelled them to repeat one particular feature and through their courtesy, Claire Forbes Crane, whose untiring and artistic efforts have played important parts in this commendable movement, arranged and presented another lecture-recital dealing with chamber music. As further assurance of the program's success, Sol Cohen, whose musical wagon has been hitched to a star that will take him far, was selected to render the instrumental interpretation with his violin of the seventh century.

Taking as her first subject Cesar Auguste Franck, the distinguished Belgian organist and composer, Miss Crane related the events which brought him to Paris in 1844, where he settled and became leader of the new school of instrumental composition. While the tendency of his art was wholly different from the sensational French music which preceded his, Franck was essentially French. He not only formed a long line of famous pupils, but set in his own work a pattern of lofty ideals. He was also at one time organist of Notre Dame, the world-famous cathedral. In 1888 he wrote what Miss Crane described as the most noted violin sonata ever composed.

Wolfgang Amadeus Mozart was pictured by Miss Crane as one of the most instinctive geniuses in musical history and who at the age of 10 was able to read at sight anything then written for the piano or violin. In later years he was considered one of the most accomplished pianists of his time and was equally expert upon the violin and viola. His appreciation of the instrumental texture of chamber music was pointed out by Miss Crane as a prophecy which has become a reality. He was also termed a powerful aide to the advance of opera by his grasp of dramatic values and his resourcefulness in creating characters and depicting scenes. His brilliant career came to a sudden and tragic termination at the age of 35 years and he was placed in a pauper's grave, its place unmarked and soon lost. Including his numerous contributions to the world's music, are forty-two violin sonatas, several of which Miss Crane presented.

BETTER OFFICE EQUIPMENT

There are many ways to attract attention. Weary Willie with his feet on the table in the Biltmore dining room would excite comment. But it would be unfavorable, and you would not trust him with your watch. A scarred and battered desk attracts attention in an otherwise flawless office. But it does not inspire confidence. Whereas a spic-and-span appearance throughout all your offices gives an air of well-being and trustworthiness which is instantly ouija-ed to the casual caller, to say nothing of the effect upon the members of your own organization.

Inaugurating the return to service on June 31 of the giant Los Angeles-Honolulu liner City of Los Angeles, following the installation of new engines and boilers and extensive reconditioning at a cost of more than \$1,000,000, officials of the Chamber of Commerce announced that the third annual excursion—the fourth in all—will be to the Hawaiian Islands. This next business and pleasure trip of the City of Los Angeles, according to Charles F. Bayer, manager of the organization, will depart for the islands on June 30, and will be in charge, is expected to exceed in magnitude and enthusiasm all previous excursions.

ATO TOUR PLANNED
Twelve-day tour between social and business functions planned by the Chamber of Commerce, Ad Club, Hawaiian Civic Club and other organizations. Mr. Bayer plans to visit the island of Oahu, on which Honolulu is situated, by automobile.

Another attraction, Mr. Bayer announced, will be a trip to the island of Hawaii, aboard the City of Los Angeles. From the party will drive to the base of the Mauna Kea volcano.

Mr. Bayer also will be in the City of Los Angeles. In all, the party will be at Hawaii for 12 days.

When the passengers file up the plank they will be boarding the most luxurious passenger liner in the trans-Pacific. The City of Los Angeles will obtain more than seventeen thousand passengers. Besides her mechanical equipment, the City of Los Angeles will have completed quarters, staterooms and dining saloons that will add greatly to her sailing qualities.

CAPACITY OF 17,000
The increased fleet-class state-of-the-art liner will have a capacity of 17,000 passengers. The City of Los Angeles will have completed quarters, staterooms and dining saloons that will add greatly to her sailing qualities.

Improvement is provided for the gymnasium, where the deck will be constructed, dining rooms and public areas. While new ropes, draperies and other improvements have been provided.

These improvements, the Chamber of Commerce officials said, will make the City of Los Angeles a more comfortable and enjoyable place to travel in.

Believed to be Mrs. Mary E. Bell of 339 Cedar street, who was found dead in front of her home at Sixth and Hill streets, Police Surgeon J. H. Bell yesterday said she died from a drug overdose.

POLICED TO STILL BY QUEER NOISE

Sounds Like Surf Roar Send Officers Hurrying to Moonshine Plant

A persistent low murmuring, like the roar of the surf heard from a great distance, early yesterday led Capt. Plumber and Detective Lieutenants Maxwell, Berensweig and Mitchell of the vice squad to an old ranch house near One Hundred and Eighty-sixth street, which, they said, contained one of the largest bootlegging plants ever uncovered by the police.

The entire five rooms of the house, they reported, had been partitioned in a way to allow for the construction of the plant. It consisted of one 250-gallon still, four vats, each containing 400 gallons of mash, sixty gallons of kerosene for the burners, and large quantities of other paraphernalia used by distillers.

New Clubhouse to Have Floors for Fairer Sex

A "Cercle des Dames" is planned for the new Commercial Club of Southern California. It was announced yesterday. In the clubhouse on South Broadway, directly opposite the new Chamber of Commerce Building, will be two whole floors for women's use. They will contain restrooms, swimming pool, gymnasium, massage rooms, cardrooms, hairdressing rooms, private dining and banquet rooms. Preliminary plans of the clubhouse drawn by Edwin Bergstrom, architect, indicate that the building will be a very handsome structure. It is said. It will be a height-limit Class A building, and among the features of the main section will be a gymnasium.

James J. Donohue, former noted athlete, who is charter member of the club, and is a local reality man, will take charge of this feature and expects to develop all the club members into athletes, according to their ability.

MAN AMBUSHED IN ALLEY AND ROBBED

Two negroes, appearing to weigh more than 200 pounds each, early yesterday morning ambushed J. B. Kennedy of 109 1/2 South Broadway in a dark alley near Sixth street and Central avenue, and after dragging him into the shadows of a building, robbed him of a gold watch, a quantity of papers, and \$5 in cash. A report of the robbery was made at Central Police Station.

ABANDONED WIFE FOR CAREER OF SCHOLAR

"I am going to lead the life of a scholar and I can't be bothered supporting my wife," said a man yesterday who turned over to Judge Hurka, who granted her a divorce, the abandoned wife of a man who had been a scholar.

JAIL "WILD MAN" SCARED

Huge Negro of Tank No. 4 Turns White as Newcomer Chases Flies in Face of Death by "Razor"

The wild man of Tank No. 4 at the County Jail has been routed for the first time in the two months of his incarceration. His defeat occurred yesterday afternoon and since he is the original wild man with many imitators in the other tanks the incident is deemed of great importance by all prisoners, turnkeys and jailers.

The wild man feature of jail life was instituted by Tyler Walker, black six feet and although by profession a truck driver as great an actor as Garrick. He has been in Tank No. 4 two months pending trial for grand larceny. All the prisoners in Tank 4 are of Walker's color, and they aid him in the game. The American negro is noted for his ability as a mimic, and the performance in the wild-man game was truly remarkable, and successful, until yesterday.

IDEA TO SCARE "FISH"

The idea is to scare a "fish" (jail cant for new prisoner) with a half a hair of apoplexy by making him think a fellow prisoner is a mad man and supplying the mad man with an ugly weapon. Walker has a huge razor, cunningly carved from wood and painted to resemble horn and steel. The wild man of Tank 2, an Italian, has a butcher knife, also of wood with a blade covered with tin foil from cigarette packs. Often two or three "fish" are frightened simultaneously when Walker comes at them with his razor, some will fall to the floor and kick and bite in hysteria; one, a Mexican, once fainted dead away. The other prisoners in the tank ably assist Walker in acting it out, and Alfred ("Tex") Koenigheim, deputy sheriff, who spends his time in the tank, declares that since the wild man game has been instituted there has not been a single fight or other serious trouble on any deck.

SOLITARY RECRUIT

Yesterday there was a solitary recruit for Tank 4, a weakened up fellow who came in for failure to provide. The twenty men in the tank eyed this "fish" as proper prey, and soon Walker was at his pantomime stunt, which never varies, and was as follows: The wild man started off by pretending to play Keller pool with no cue, bottle or table. Then he sat on the floor and talked gibberish. Then one of the prisoners hung up a little mirror on the wall and lathered his face. When he drew out a razor, the wooden one, all the other prisoners yelled at him. They escorted him for

SIMPLIFIED TAX REFUND PROCEDURE

Beneficiaries of Ruling on Income Return Asked to Wait Filing Claim

Simplified methods of procedure in obtaining the benefits of a recent ruling permitting husband and wife to file separate returns on the income from community property will be announced soon, according to instructions received at the office of the Collector of Internal Revenue. An announcement from Washington says the proposed change of procedure may make the filing of amended returns and claims unnecessary.

According to the original announcement concerning refund of taxes paid on community property income, taxpayers could obtain a review of the taxes paid in the last six years through the filing of amended returns with claims for refunds. Collector Goodrich said yesterday that no claims should be filed until his office announces the simplified procedure. The Internal Revenue Bureau, he said, plans to do away with much of the red tape in connection with the refunds, thus making unnecessary a large amount of trouble in the refunding of some \$2,000,000 estimated to be due 125,000 taxpayers in Southern California on incomes from community property.

OPTIMISTS GREET FIELD SECRETARY

JAY C. GOODRICH STRESSES NEED OF FRIENDSHIP FOR DELINQUENT BOYS

Jay C. Goodrich, field secretary of the Optimist International, was the guest of honor and principal speaker at the Optimist Club of the Los Angeles Optimist Club, at its international day luncheon. After telling briefly the history of the movement and outlining his understanding of its purpose, he dwelt with particular emphasis on friendship for the delinquent boy. "What Los Angeles civic organizations and clubs are doing for the boys of this city," he said, "may well be taken as a model for the cities of the entire country. Praise too high cannot be given them for the work they are doing. And it is needed. Many of us would not be Optimists today or sitting here, if the conditions which surround growing boys in city life and the punishments to which they are liable, if not judged with understanding, had been applied to us, according to the letter of the law."

SEWER CONTRACT IS VOIDED BY DECISION

WATTS TAXPAYERS BROUGHT SUIT CHARGING FRAUD AND COLLUSION

With a chorus of "Rah Raha" and a surplus of college hats, caps and canes, the Criterion Theater tomorrow evening will be transformed in a replica of the Carnegie Institute of Technology of Pittsburgh, for the alumni of the institution plan to attend the performance of "Secrets" in a body.

MAN IS ARRESTED ON FORGERY SUSPICION

Howard G. Berg was arrested yesterday by Acting Captain of Detective Winn and Special Officer Rathbun on a suspicion of forgery charges. The suspect is asserted to have passed ten or twelve checks in the past few days on downtown stores for a total of \$200. Four forged checks, all filled out, were found in his possession at the time of his arrest, the officers said.

EX-SOCIAL LION GOES ON TRIAL

Stephen K. Blakesley Tells of Check Deals

Arrested During Honeymoon With Society Belle

Bride Does Not Appear as He Explains in Court

Stephen K. Blakesley, who but a short time ago shone as "the life of the party" at many local social events, was arraigned yesterday before Justice Hanby and held for trial in Superior Court.

Blakesley, young, polished and handsome, for a brief time presided as a social lion here. His ability as a dancer made him welcome at social gatherings and served to obtain for him an introduction to Aimee R. Thompson. A whirlwind five-day dancing courtship followed, at the end of which Miss Thompson was his bride.

The end to Blakesley's pose as a favorite son of fortune came only a few days after his marriage. He was arrested at his apartment at 444 Shatto Place. The officer, who rudely interrupted his honeymoon, had warrants charging him with forgery on the Hollywood Bank and they took him to jail.

Mrs. Blakesley did not appear in court yesterday. Her husband, the only witness, testified regarding his transactions with the bank.

NEW TUNNEL TO BE READY NEXT MARCH

Florence Lake Tube to be Finished Far Ahead of Scheduled Time

Completion of the Florence Lake tunnel of the Southern California Edison Company by March, 1925, or one year and four months ahead of scheduled time, is virtually assured at the present rate of progress, according to a report made yesterday by George C. Ward, vice-president in charge of construction. The completed tunnel will increase the Edison supply of electricity by more than 1,000,000 kilowatt-hours yearly.

The tunnel will not only be completed ahead of time but will cost \$1,000,000 less than the estimate of \$11,000,000. The saving, made possible by unique construction methods, among them an "air curtain" which takes care of blast fumes more quickly, and the use of high-speed drills up to twenty feet long.

The tunnel is under the Kaiser range of the High Sierras, in northeastern Fresno county, and will bring headwaters of the San Joaquin River into Huntington Lake, increasing the water supply of the powerhouses on the Big-Creek-San Joaquin project, from 112.2 to 146.6 feet, or more than 200 per cent.

The average progress on the tunnel is expected to be more than fifteen feet each day for each heading, which will assure its being ready to catch the spring run-off in the watersheds between the Kaiser and Minaret ranges.

Palin Trophy Passed on to London Club

G. Herb Palin, local advertising writer, received word yesterday from New York of the reception given by the Advertising Club of New York and officials of the Cunard Steamship Line to the trophy donated by him on behalf of the local Advertising Club and won this year by the London Advertising Club.

The trophy, a handsome golden bear, symbolizes the rugged mountains and the green valleys of California and will be a perpetual reminder of California and Los Angeles. Mr. Palin said it is presented each year to the Advertising Club winning the honor of holding the next year's convention of the Associated Advertising Clubs of the World.

The trophy was sent to London on the steamship Berengaria. The convention will be conducted in London next summer. The donor of the trophy is the only life member of the local club and is nationally known as the originator of the "safety-first" slogan and others equally as well known.

PREFERS ELIA TO WIFE; IS DIVORCED

Sam Baskin thought more of a woman mentioned only as Elia than he did of his wife, Mrs. Minnie Baskin, declared yesterday before Judge Craig. This led to four separations, Mrs. Baskin said, and each time Sam promised to be good but failed to do so. Though Baskin denied the testimony, Judge Craig awarded Mrs. Baskin a divorce.

THREE ARRESTED IN SEIZURE OF HEROIN

A large quantity of heroin was confiscated by the police narcotic squad yesterday in a raid on a house on Central avenue. Three men found in the house were arrested. They gave their names as Dudley Wilson, Melvin Lindsay and W. M. Walker. Wilson is charged with violation of the Harrison Narcotic Act and Walker with violation of the State poison law. Lindsay, police assert, is a parole violator from Salem, Or.

SAYS WOMAN COURTED HIM

Man Arrested as "Fake Doctor" Declares Rich Widow Involved in Money Suit Made Love

Assertions of Rex H. W. Albrextondare, arrested in Orange on a charge of practicing medicine without a license, that he rejuvenated himself from a white-haired old man of 80 years to a mere youth with black hair, had grown four sets of teeth in his life and had been made love to by a wealthy Altadena widow 70 years of age, were revealed yesterday.

A suit filed by Walter J. Richards against Albrextondare seeking the recovery of \$13,500 asserted to have been loaned the defendant by Jennie E. McFadden, wealthy widow of Altadena, occasioned an answer to the complaint which declared that Mrs. McFadden had made protestations of love to Albrextondare and had asked him to marry her. The suit was filed in Richard's name, it being represented that Mrs. McFadden assigned her claims against Albrextondare to him.

Mrs. McFadden is said to be the widow of James McFadden, who was a pioneer railroad man of California, having built the first railroad into Santa Ana. She resides in a pretentious home on Football Boulevard in Altadena. Incidentally, it was announced at the offices of her attorneys, Hahn, Hahn, Landauer and Hahn, that the Albrextondare affair has left Mrs. McFadden on the verge of a nervous collapse.

REFUSED PAYMENT

The complaint filed against the "doctor" asserts that Mrs. McFadden, at the instance and request of Albrextondare, loaned him the \$13,500 in the following amounts: \$5000 on January 21, 1924; \$4000 January 23; \$2500 January 21; and \$1000 November 10, 1923. On each loan, the complaint asserts, defendant agreed to pay the money back although there was no time stipulated when repayment was to be made. It is further charged that on about March 22 Mrs. McFadden demanded the return of the full amount loaned but Albrextondare refused to return it. Answering the complaint Albrextondare denied that he had received any loan from Mrs. McFadden, and that if he did receive any money from her it was in the form of gifts from her.

MOVED TO HER HOUSE

Setting up an affirmative defense Albrextondare asserted in his answer that he is by profession engaged in scientific medical research and laboratory work. That upon the request of Mrs. McFadden he moved into her household shortly after November 1, 1923, "as a friend and acquaintance." That just prior to that time he informed her he was about to make an extended tour in scientific medical research work and she then requested him to move into her residence and engaged several men to move his belongings into her household.

He alleges that subsequently from time to time Mrs. McFadden gave him sums of money "solely as a gift and without any understanding that they were such, and that on several occasions while he was still living in her home she "made him the several approaches showing love and affection for this defendant and proposed to him that he marry her."

REFUSED TO MARRY

He informed her, according to the records, that he had no intention of marrying. He thereupon left her household some time in March, it is alleged.

The suit against Albrextondare was filed in the local courts March 22. His arrest at Orange on the medical charge was made on the 7th inst. by Alfred E. Carter, agent for the Los Angeles office of the State Board of Medical Examiners. According to Carter, asserted patients of the "doctor" in complaining about him declared he told them of his great rejuvenating powers and cited the fact he had grown four sets of teeth in his lifetime.

His arrest followed the death of two local girls, both of whom, it was said, were treated by him. The girls, one student of Orange High School, are reported to have been suffering from a malignant, incurable heart disease. Although their deaths were not attributed to the "doctor," nevertheless they form the basis for the charge of practicing without a license.

CALLED SCIENTIST

Albrextondare, a tall, swarthy man with a distinguished foreign air, was said to have been introduced to the Santa Ana families as a noted foreign scientist.

According to Carter, with maintaining a private research laboratory in Los Angeles, where he made his own medicine. He is also identified with an attempt to manufacture a human body, having collected, it was asserted, huge sums in connection with the undertaking.

The "doctor" did succeed, he claimed, in making six-inch body, but never managed to instill life into it.

Father Blamed for Theft of Two Children

Authorities in Chicago have been requested to arrest L. C. Lukens, formerly of this city, on a charge of stealing his two children, Dorothy Jane and one year of age, and James R. Lukens, 6, as the result of a complaint issued yesterday by Dep. Dist. Atty. Orma.

According to information given Mr. Orma by Mrs. C. C. Lukens, divorced wife of the defendant, the children were placed in her custody by local courts and by special agreement, she had allowed her former husband to see the children at the home of Mrs. J. J. Warren, 613 Fremont street, Hawthorne.

It is charged that the husband called on Mrs. Warren and, learning that the children were at the Hawthorne grammar school, went there and took them into custody. It was stated that the husband recently left for Chicago with the children.

DEMURRER OF CHURCH SUSTAINED

Complaint of Rector is Held Faultily Drawn in Damage Suit

Judge Collier yesterday sustained a demurrer to the suit brought by Rev. George C. Richmond against Rev. Nathaniel Seymour Thomas, bishop of the missionary district of Wyoming for the Protestant Episcopal Church, in which Mr. Richmond asked judgment of \$5045.50 he asserted was due him for services and expenses.

In his complaint Mr. Richmond asserted he had been employed by the defendant to take over the rectorship of the Protestant Episcopal Church at Evanston, Wyo., for a period of five years at a salary of \$1500 a year and expenses. The contract was declared to have been entered into in June, 1921, but Mr. Richmond asserted he was discharged by the defendant in January, 1922. Prior to the asserted dismissal, Mr. Richmond said, he had been advised by Bishop Thomas to "keep hands off all gamblers and gambling places, but convert souls."

Judge Collier sustained the defendant's demurrer on the ground that the complaint was faultily drawn. The plaintiff was given ten days in which to amend the complaint in his action.

Story Told by Pretty Wife Outweighs Defect in Complaint

(Illustration on Picture Page)
A divorce was granted to Gertrude Archer Walsh by Judge Burke of the Superior Court yesterday. In awarding the decree to the wife Judge Burke declared that beauty such as Mrs. Walsh possesses should not be wasted on an unappreciative husband.
"It would be contrary to the best interests of society for so young and attractive a woman to be bound by marriage to a man who cannot appreciate her," Judge Burke stated.
Mrs. Walsh in her complaint charged her husband, Billy Doyle Walsh, with desertion. Complications arose, however, during the hearing yesterday, leaving the wife virtually without any technical grounds to press her suit.
It developed that Mrs. Walsh could not sue on the grounds of desertion because she had gone back to live with him at Monterey after he had abandoned her upon her return from the East, where she had gone to visit her parents.
As she had not charged cruelty in her complaint, but simply stated that he had made life unpleasant for her, it seemed that she would lose her suit. But her complaint failed to accomplish her beauty did.
Mrs. Della Wilson, sister of Walsh, and Mrs. Mabel Walsh, his sister-in-law, testified for the wife. They stated that Mrs. Walsh repeatedly told her wife to "get out," had bullied her and in many ways made life unpleasant for her. Attorney Ernest E. Moon represented Mrs. Walsh.

DAUGHERTY SON WORKS IN PICTURE

Scion of ex-Attorney-General Making Study of Film Game

Because he wants to learn something about the motion-picture game, Draper Daugherty, son of the former Attorney-General, is working as an extra on the Principal Pictures lot. His leading idea is to be said that a mere extra is entitled to being mentioned in the same breath with a star, is little Baby Peggy Montgomery. The picture is "Helen's Babies."
The former Attorney-General's son decided, after he had arrived in the film capital, that the best way to get an insight into the business would be to start at the lowest rung of the ladder.
"Who can tell," he said, "I might want to produce motion pictures myself. Naturally I want to know all about them. Don't be surprised if you see me with a pair of overalls on one of these days helping the prop men or electricians."
Young Daugherty did not have much difficulty in landing an extra job. He is a college graduate, capable-bodied, and is said to have a bearing that stamps him as a type in demand in extra circles. He, therefore, does not have to sit around the studios all day waiting for a job in a mob scene.
It is rumored that Daugherty is seriously contemplating entering the film business from the production angle. He will make a thorough study of all the phases of the game before he tackles anything important, he said.

Jury Expected to File Dolley Findings Today

The Federal Grand Jury probably will file a report today relative to charges of irregularities against Harold H. Dolley, chief of the field forces of the Federal Prohibition Department in California. U. S. Atty. Burke said yesterday that the case had been submitted to the jury and that he expects the report to be made today. He said no other witnesses will be heard.
Burke and Mark Herron, Assistant United States Attorney, have been in charge of the investigation which has been under way intermittently during the last six weeks. Numerous witnesses have testified regarding published charges that Dolley resorted to wire tapping and that he misapplied government funds during the time he was in charge of the Los Angeles dry office. Dolley himself and State Director S. F. Rutter of the Prohibition Department were the chief witnesses Wednesday when the jury adjourned until today.

CHOICE BETWEEN JOB OR CHILDREN IS GIVEN

WIFE MUST DESERT DANCE HALL TO KEEP BABES, JUDGE DECIDES

Mrs. Mary Fletcher, who is said to have been serving as one of the attractions of a Mexican dance hall, will have to relinquish her position if she wishes custody of her children, in accordance with a ruling made by Judge Ira F. Thompson yesterday.
Edgar N. Fletcher, her husband, was granted a divorce on a desertion charge Wednesday, and asked custody of the children of the marriage. Judge Thompson took the matter under advisement and finally decided Mrs. Fletcher could have the children if she would change her job, her husband having made no assertions against her character.

BOOS BROTHERS ENTERTAIN
More than 1500 employees and friends of Boos Brothers, local restaurant owners, attended a dance and vaudeville entertainment last night at the Jannetion Hotel. These entertainments are a part of the program of the concern for their employees, it is announced.

SATURDAY at Robinson's brings an opportunity to fill vest needs in a most satisfactory manner at a more than satisfactory price.

Imported Vests, Swiss Ribbed in white—and in bodice or fitted shoulder styles will be specially priced for Saturday at 65c for the regular sizes.

For large sizes, 75c

FOURTH FLOOR

Garden Time

ROBINSON'S offer to the enthusiastic gardener a wealth of skillful helpers in the form of the better implements and tools for every purpose.

To make smooth lawns and bright blooms grow where none grew before, is a comparatively simple matter with the aid of:

A CORRUGATED LAWN HOSE—in 1/4-inch size, priced at 14c a foot. In 3/4-inch size at 16c. Red Corrugated Hose priced at 15c and 18c.

LAWN MOWERS—of many well-known makes, priced to begin at only \$9.50.

CAPITOL LAWN EDGERS—to give he lawn a well-groomed air, priced at \$12.50.

GARDEN TROWELS—at 25c and 45c.

And many, many others—ready now for April planting.

SIXTH FLOOR—HOUSEHOLD SECTION

Easter Coats For Very Little Girls Just \$13.75

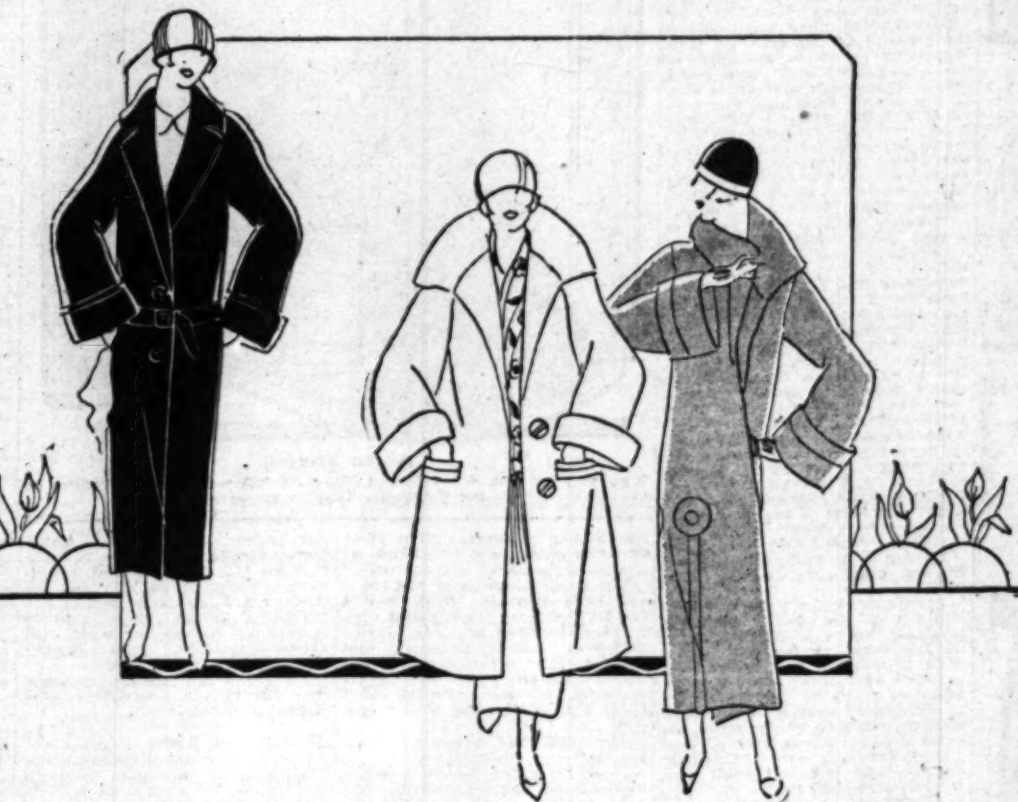

If the very tiny maid is to have a new Easter wrap she and mother will find these at Robinson's well worth seeing.

Polaire cloth in plain colors, and rough materials in mixtures fashion them. Made short and full to flare jauntily over a crisp organdie frock.

Interesting in their trimming of stitching and diminutive checked collars and cuffs of contrasting material. In blue, tan, henna, brown, rose and other shades.

Priced at \$13.75.

FOURTH FLOOR

Coats, Capes and Wraps at \$35.00

EVERY Coat is new, for spring and summer wearing. Every Coat is of the quality which usually commands a far higher price.

And every coat is more than worth the attention of women who want to achieve a gratifying economy in the purchase of their Easter wardrobes.

Sports Coats

Mannishly tailored Coats of manish fabrics; mixtures, plaids and soft, plain woolsens. In tans, browns and grays. Coats for motoring, sports, street and general utility.

They display the snug shoulders, large sleeves and new fullness below the waist that is characteristic of the newer coats. Some are half, others full silk lined. In belted or straight modes.

Both groups include sizes from 14 to 46. And both groups will be priced for Saturday at \$35 only.

THIRD FLOOR

Dress Wraps

For less informal occasions—for street, afternoon and dress wear, there will be long Coats and Capes of light woolsens; vellona, ormandale, charmeen, twills and velmora.

Having the new straight lines, boyish, youthful. With softly draped collars, side fastenings, and full silk linings. Black, navy and the darker browns, grays and fur tones.

And Frocks \$35.00 and \$47.50

ANOTHER remarkable opportunity for the before-Easter shoppers. 200 Silk Frocks for street, sports and afternoon. Frocks of the better silks; cantons, georgettes, satins, tub silks.

In Spring's newer, more favored fashions; their slender modishness emphasized by the subtle simplicity of their trimmings.

White, black, light shades and bright colors. Sizes from 14 to 44. At just \$35 and \$47.50.

—Saturday.

THIRD FLOOR

Skirts Cut, Basted, No Charge

WITHOUT any charge Robinson's tailor with expert exactness will cut, fit and baste skirts from material purchased at Robinson's in the Woolen Goods Section, Saturday.

The only requirement is that the goods be purchased on Saturday, and priced at \$4.00 or more a yard.

SECOND FLOOR

Children's Sturdy School Oxfords

THESE sturdy, well-made Oxfords for little feet are as comfortable with their welt soles as they are sturdy and smart.

The two-tone effect is gained by smoked elk skin with brown horsehide trimming. In sizes 8 1/2 to 11 they are moderately priced at \$4.75; sizes 11 1/2 to 2 at \$5.25.

THIRD FLOOR
